

A high-quality photograph of a Pearl Reference drum kit. The kit includes a large blue bass drum with a white front head featuring the Pearl logo, two blue toms with chrome hardware, and a blue snare drum. The drums are mounted on chrome stands with various cymbals. The background is a dark, textured blue.

GENERAL CATALOG

INSPIRATION AWAITS!

With nearly eight decades of legendary crafting history firmly cemented in the lives of countless drummers, 2024 sees Pearl advancing the drum set to unsurpassed heights. Our goal was to make the complete selection and performance aspect of drumming effortless and fuel the current of rhythmic creativity in a new generation of players. This would include an odyssey into the very foundations of drum making, from shell formation to mounting platforms, to eliminate stress and let each drum truly sing. The solution lies in reimagining the benefits of tom suspension systems on a new era of professionally catered percussion items, to showcase the sonic and visual identity of each drummer and bridge the gap between Player and Instrument.

MASTERWORKS
p. 3 - 10

Custom made in your personal selection of woods, edges, sizes, and veneers.

SHELL RECIPE

Individually tailored combination of Birch, Maple, Gumwood, and/or Mahogany.

SOUND

The tonal reality of your ultimate ideal, Masterworks literally sounds like every drum set you've ever dreamed of.

REFERENCE ONE
p. 11 - 12

The ultimate ideal of the modern hybrid drum concept, all components are independently engineered for the best tonality in every quadrant of the kit.

SHELL RECIPE

EvenPly Birch, Maple, and Mahogany hybrid.

SOUND

Expressive, wide range sonic boost with enhanced bottom-end.

CRYSTAL BEAT
p. 27 - 28

The original seamless Acrylic drum shell creates a striking visual and sonic showcase.

SHELL RECIPE

Seamless molded Acrylic (Tom and Floor Tom: 6mm / Bass Drum: 7mm)

SOUND

Loud and immediate, delivers pummeling straight tone and yielding feel.

DECADE MAPLE
p. 29 - 30

Premium gear for the evolving drummer, featuring lacquered all Maple shells and pro-level elements.

SHELL RECIPE

EvenPly-Six, 5.4mm Maple

SOUND

Full maple tone with lively midrange and smooth sustain.

EXPORT
p. 31 - 32

The Best-Selling Drum Set of All Time gives the student drummer a strong beginning.

SHELL RECIPE

6-ply 7.5mm Poplar and Asian Mahogany hybrid

SOUND

Crisp attack with dark, formidable bottom-end vibrance.

MASTERS MAPLE / GUM
p. 15 - 16

Optimized for the recording studio; vital tone derived from the Masterworks: Studio shell recipe.

SHELL RECIPE

EvenPly-Six Maple (4-ply outer) and Gumwood (2-ply inner)

SOUND

Explosive midrange tonality with full low-end and precise decay.

MASTERS MAPLE
p. 17 - 18

Three decades of Masters excellence is reimagined with our history-making 6-ply Maple shell and a host of massive upgrades.

SHELL RECIPE

6-ply, 7.5mm Premium Maple.

SOUND

Attack and projection with smooth, full-bodied resonant attack.

MASTERS MAPLE PURE
p. 19 - 20

Pearl's original premium MMX shell formula delivers near-field resonance and sharp top-end attack for varied pro environments.

SHELL RECIPE

4-ply, 5mm Premium Maple w/4-ply Reinforcement Rings.

SOUND

Balance of powerful midrange and smooth resonant attack.

MIDTOWN
p. 33

An ultra-portable shell pack for full-sized play and powerful grooves in a small footprint.

SHELL RECIPE

6-ply 7.5mm Poplar

SOUND

Tight, responsive tonal bite with enough bottom to fill the pocket.

ROADSHOW
p. 34

A drum set package complete with everything needed to kickstart your rhythmic journey.

SHELL RECIPE

6-ply 7mm Poplar

SOUND

Piercing, open cut with the right amount of sub-bass rumble to keep you inspired.

PROFESSIONAL SERIES
p. 21 - 22

A gig-friendly workhorse derived from our classic MLX Series that's excellent for independent touring.

SHELL RECIPE

EvenPly-Six, 5.4mm North American Maple

SOUND

Equal parts Low/Mid/High frequency punch with smooth, extended decay.

SESSION STUDIO SELECT
p. 23 - 24

Radically unique Studio blend with pre-EQ'd warmth and cutting, articulate strike.

SHELL RECIPE

EvenPly-Six Birch (4-ply outer) and African Mahogany (2-ply inner)

SOUND

Deep, rich bass frequencies combined with top-end tonal drive.

PRESIDENT SERIES DELUXE
p. 25 - 26

Dark, dry vintage spread with the classically controlled "MIJ Sound".

SHELL RECIPE

6-ply, 7.5mm Lauan.

SOUND

A slick, sonic locomotive of subdued, vintage punch with singular low-range overtone.

HANDCRAFTED FOR GREATNESS

Masterworks is the realization of your ultimate drum set vision. Every aspect of the kit is curated by you and built to your exacting specifications.

EXPLORE. CREATE. INSPIRE.

Masterworks begins with your choice of our finest hand selected shell veneers and precision engineered premium hardware appointments. Choose your own combination or one of our Sonic-Select Shell recipes to customize a sound and look that is completely your own.

MASTERWORKS
SONIC-SELECT URBAN RECIPE
NATURAL WALNUT BURST BUBINGA
AND ROSETTE INLAY

DRUM SHELL TONE WOODS

Choose one or a combination of our premium shell materials to sculpt the sound of each drum.

MAPLE Tonally equal in highs, mids, and lows for prime, full bodied attack and sustain.	BIRCH Boosted attack with "Built-in EQ" for articulate and evenly reduced decay.	AFRICAN MAHOGANY Dark, elegant tone with powerful bottom-end emphasis.	GUMWOOD As a core or interior ply, Gum enhances tone in surrounding plies.	CUSTOM INTERIOR Choose any of Pearl's Artisan Exotic veneers, carbon fiber, or hand applied fiberglass for boutique tones and visuals.
---	--	--	--	--

SHELL SIZE AND THICKNESS

For precise tonal character, sustain, and projection.

THIN (4-ply, 5mm w/ 4-ply Reinforcement Rings) Increased sustain and low-end.	MEDIUM (Even 6-Ply, 5.4mm) Expanded tonal purity and resonant punch.	STANDARD (6-ply, 7.5mm) Full-bodied tonal projection ideal for general purpose.	THICK (8-ply, 10mm and 10-ply, 12.5mm) Maximum projection and quick decay.
--	---	--	---

FINISHES

Craft an inspired visual statement with drums hand finished and configured to your specifications.

LUXURY Includes a choice of High Gloss, Satin Stain, and Sparkle Lacquer.	CUSTOM Includes Pinstriping, Banding, Artisan II Custom Graphics.	ARTISAN Choose from a selection of Exotic veneers (below) or hand applied Carbonply.	CUSTOM INLAY Accentuate the natural beauty of the outer shell finish with inlay bands inserted by hand.
CAMEROON BLACK LIMBA	FLAME MAPLE	AFRICAN ZEBRAWOOD	TAMO ASH
BUBINGA	BARNWOOD	MOSAIC	ROSETTE
EUCALYPTUS	BURL MAHOGANY	IMBUIA	CARBONPLY
EBONY	ROSETTE	EBONY	ROSETTE

BEARING EDGE

Masterworks offers a choice of five sonically tested edges - configurable by drum, application, and shell side.

STANDARD 45° Provides the perfect blend of attack and warmth.	OUTER 60° Pulls brighter overtones and increases punch.	INNER 45° Edge apex focused to inner shell plies for controlled sustain.	ROUNDED 45° Increased head-to-shell contact boosts mids and highs.	FULLY ROUNDED Boosts mid-to-low range response and reduces decay.
---	---	--	--	---

WHAT'S INSIDE
Discover the elements of superior drum tone.

THE **EST** DIFFERENCE - *The Ultimate in Strength, Resonance, and Tone.*
Superior Shell Technology

To craft multi-ply, bonded drum shells with single-ply resonance and strength, Pearl pioneered the world's first high temperature hydraulic curing system. SST shells are formed in a bonded combination of cross-laminated 2-ply veneer panels then precision milled with overlapping scarf joint seams and cured with our exclusive AcoustiGlue at 1000 PSI of hydraulic pressure.

HARDWARE FINISH, LUG, AND HOOP OPTIONS

A choice of five plating options comes standard on your selection of our precision tuning lugs, hoops, and drum hardware.

FINISHES					HOOPS	TOM MOUNT (U.S. Patent #11640814)
CHROME (Shown w/ CL100 Lug)	NICKEL (Shown w/ STL100 Lug)	BLACK NICKEL (Shown w/ STL150 Lug)	GOLD (Shown w/ STL150 Lug)	BLACK CHROME (Shown w/ STL100 Lug)	2.3mm SUPERHOOP II

Single Swivel Lug A classic look with minimal shell contact for precise vibration control.

SHELL
A unique blend of yielding tone woods and rigid exterior for added bottom-end focus.

BEARING EDGE
Inner 45° Its inner shell apex contacts the head inside the shoulder for focused control in low tunings.

HOOPS
MasterCast Hoops - Gives each drum added weight for increased volume and controlled sustain.

LUG
Single Swivel Lugs Our lightest and most efficient tuning lug for reduced shell contact.

Reference — ONE —

The Reference Legacy.
Unleashed.

A TRUE PEARL ORIGINAL, WITH A FRESH, GROOVE INSPIRING VIBE.

Where the Many Combine to Create a Singular Instrument. Building on the modern hybrid drum concept Pearl originated with Reference Series, every element in the Reference One drum set's construction is fine-tuned to deliver optimal performance. By leveraging specific woods, shell thicknesses, and bearing edges exactly where they are most sonically beneficial within a drum set, Reference One's reduced-thickness EvenPly shells are fitted with MasterCast Die-Cast hoops, for a radical combination sustain and attack. Combined with Pearl's revolutionary R2 Air Tom Suspension System, Reference One takes the hybrid drum concept to new, unprecedented heights.

R2 AIR TOM SUSPENSION SYSTEM

Suspends each drum by four unique points for optimum tone and resonance at any angle. (U.S. Patent #11640814)

MASTERCAST HOOP

Escalates weight for tonal body and increases volume in high velocity play.

SINGLE SWIVEL LUGS

Single Swivel Lugs are self-aligning for better tuning integrity and reduced shell stress. Their reduced profile takes up less room on the shell face, delivering better tone from each drum.

GOLDEN RATIO AIR VENT

The Golden Ratio air vent location is unique for each component size to provide enhanced tonal character and frequency response. (U.S. Patent # 7485791)

Masters

The Masters You Remember,
A Sound You'll Never Forget

ELEVATING THE PLAYING EXPERIENCE FOR THE TRUE PROFESSIONAL.

Pearl's Masters Series has set a standard for the very best in performance centered instruments for the pro drummer. In celebration of three decades of Masters quality and excellence, Pearl reimagines three original shell recipes with a freshly unified hardware mix to reach new levels of sonic purity the most discerning environments and players.

MASTERS SHELL CHOICES

MASTERS MAPLE/GUM (MMG)

Masters Maple/Gum (MMG) Primed for the Recording Studio, this legendary shell blend enhances the naturally vibrant sonic nature of Maple with explosive highs and lows.

MASTERS MAPLE PURE (MP4)

The Original Masters Sound delivers full bodied resonant tone with increased lows and a more focused attack.

MASTERS MAPLE (MM6)

Originally offered as Masters MRX, projects powerfully expressive tone fit for evolving live music environments. Sonically centered with equal Highs/Mids/Lows.

MASTERS HARDWARE SELECTION

Adding the groundbreaking R2 Air Tom Suspension system's four point mounting platform to Pearl standards like premium North American shell veneers and MasterCast Die-Cast Hoops, Masters Series is the defining essence of the Pearl Sound and tailored to fit your sonic vision.

R2 AIR TOM MOUNTS
Suspends each drum by four unique points for optimum tone and resonance at any angle. (L-Arm bracket shown) U.S. Patent #11640814

PEARL STANDARD 7/8" PIPE OR 12.7mm L-ARM BRACKETS

MAPLE/GUM
HANDCRAFTED SHELL

The Evolution of
Premium Studio Tone

THE MASTERWORKS STUDIO RECIPE, SIMPLIFIED.

Delivering arguably the greatest drum tones ever recorded, Pearl's performance-centered take on the legendary Maple/Gum shell recipe is a sonic experience every drummer needs to witness. Reaching epic levels in sonic warmth and explosive low-end response, this dynamic shell/hardware combination first debuted as the Masterworks Sonic Select Studio Recipe. With the addition of the R2 Air Tom Suspension System, this is an instrument that is perfectly at home in the Recording environment, and a true prize for each drummer that owns one.

OUTER 60° BEARING EDGE
Gives increased power and bite to a thinner hybrid shell.

Masters

MAPLE
ALL MAPLE SHELL

Sonically Centered,
Articulate, and Powerful.

A BOLD VOICE FOR HIGH VOLUME STAGE PROJECTION.

With a sound that sits in the tonal center of the mix, Masters Maple is Pearl's original 6-ply shell recipe. This timeless combination of a slightly thicker 6-ply North American Maple shell and a sharper 45-degree bearing edge produces enough precise projection to shake the rafters, yet is responsive to even the slightest stroke. With an equalized high/mid/low tonality, Masters Maple is primed for cutting, vibrant live performance.

STANDARD 45° BEARING EDGE
Pearl's original precision edge adds sustain through reduced shell-to-head contact.

R2 AIR TOM SUSPENSION SYSTEM
Suspends each drum by four unique points for optimum tone and resonance at any angle. (U.S. Patent #11640814)

MASTERCAST HOOPS
The ultimate choice for durability and tuning integrity, they increase overall shell weight for enhanced tonal body and volume.

CL BRIDGE LUGS
A classic look with minimal shell contact for precise vibration control.

MASTERS SHELL HARDWARE

Die-Cast for solid stability in the most demanding conditions, the appointments on each Masters shell were designed to draw the best tone from the shell they support. Mastercast Hoops, low mass CL Bridge Lugs, a choice of mounting options with the R2 Air Tom Suspension System, and refreshed adjustable Bass Drum Spurs and Floor Tom Brackets are standard.

USA REMO DRUM HEADS

All Pearl Masters come with REMO USA Drum Heads. Toms feature Coated Ambassador Batters with Clear Ambassador Resonant heads. Bass Drums are furnished with Powerstroke 3 Batter and Resonant heads, and come with our exclusive adjustable Dampening Pillow (BDMF).

PROFESSIONAL SERIES

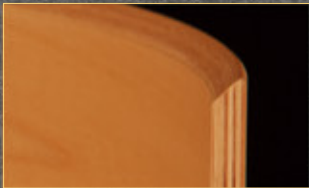

ALL MAPLE SHELL

Est. 1986. An Updated,
Upgraded, Premium Gigging
Powerhouse.

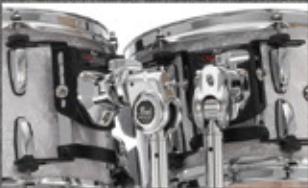

A PLAYER-READY DRUM SET PLATFORM FIT FOR ACTIVE GIGGING
AND TOURING..

From local gigs to national tours, Pearl's updated Professional Series drums have a look and sound that fits in any live performance space. Beginning in 1985, Pearl introduced its legendary MLX drums under the Professional Series banner to bring the powerful Maple sound to the forefront. Today, Professional Series returns with the spirit of the original and a refreshed presence for the experienced drummer.

STANDARD 45°
BEARING EDGE

Standard 45° – Pearl's original precision edge adds sustain through reduced shell-to-head contact.

OPTIMOUNT SUSPENSION
SYSTEM

A solid, flexible four point suspension mount for prime shell resonance.

2.3mm SuperHoop II

Made to maintain tuning integrity in heavy play while delivering maximum shell resonance.

RL LUGS

A simple, sleek lug that adds weight to the shell for increased volume.

#103 Piano Black

PMX923BSP/C + 14"x14" Floor Tom
#110 Sequoia Red

PERFORMANCE PROVEN

Made for lively sonic warmth from the cockpit, Professional Series drums broadcast with a broad frequency spectrum on and off the gig. A host of transparent Gloss Lacquer (and one Premium wrap) finishes assure a solid look and feel in varied venues and climates.

HARDWARE

Our classic RL Lug, OptiMount Tom Suspension System, 2.3mm SuperHoop II, and Remo UT Pinstripe heads are added for strength and stability. Finally, to save your stand footprint and cartage load, Pearl's original Uni-Lock independent bass drum mounted tom holders deliver maximum adjustability and positioning without robbing the shells of tone or sustain.

SHELLS

EvenPly-Six (5.4mm) North American Maple - Fuses reduced thickness, cross laminated ply panels for expanded tonal purity and increased resonance.

EvenPly-Six Birch/African Mahogany. An unique sonic dichotomy of piercing projection, smooth low-end and pre-EQ'd punch.

PRESIDENT

A Modern Revival of The Darkly Unique Lauan Sound

DELIVERING A DISTINCTLY CLASSIC PLAYER'S GROOVE.

Drawing from the very origins of Pearl's manufacturing legacy, President Deluxe Series showcase the warm subtlety of our original tone wood for a traditionally full, controlled playing experience. Featuring our original 6-ply Lauan shell, this darker toned medium/hardwood was the basis of thousands of shells made by Mitsuo Yanagisawa in Pearl's Chiba, Japan-based drum factory starting in 1961.

ROUNDED 45° BEARING EDGE

Increased head-to-shell contact boosts mids and highs and helps control overtone spread.

2.3mm SuperHoop II

Made to maintain tuning integrity in heavy play while delivering maximum shell resonance.

BSL LUGS

"The Battleship Lug", BSL100 features the same striking design of the original "C043" lug in a more robust casting for better tuning integrity.

SHELLS

6-ply 7.5mm Lauan. Loud yet subdued with deep, punchy wallop and plenty of top-end attack.

PSD923XPC + 14"x14" Floor Tom + PSD810P/C Single Headed Concert Toms
#450 Silver Sparkle

PSD903XP/C
#768 Desert Ripple

A MODERN TAKE ON A FAMILIAR FAVORITE

President Series Deluxe drums feature prime vintage style without the shortcomings of yesterday's fittings. Available in three shell packs with a host of component add-ons, each President Series Deluxe drum kit comes standard with Remo CS "Black Dot" UT heads, classic felt bass drum muffling strip, shell-mounted cymbal holder, and adjustable "Gullwing" style bass drum spurs.

SINGLE-HEADED CONCERT TOM SET

A period-correct companion to President Series Deluxe shell packs. Includes 8"x6" and 10"x7" single headed toms with Traditional Slide/Clip mounts.

CRYSTAL BEAT

50 Years of the Original
Seamless Acrylic Drum Shell

THE ORIGINAL SEAMLESS ACRYLIC DRUM SET

Beginning in 1973, Pearl established a revolutionary alternative to conventional drum making with Crystal Beat's 6mm/7mm molded/seamless Acrylic shell. Its vivid combination of cutting tonal power and stunning visual appeal found an immediate audience with the high-volume power player. In celebration of this 50 year milestone, Pearl introduces three never before released acrylic finishes in a Limited Edition selection of Crystal Beat shell packs. Released quarterly throughout the year in Small Batch production runs, each shell pack is built to stand up to the rigors of touring with an undeniably unique look and straight-tone power.

STANDARD 45° BEARING EDGE

Pearl's original precision edge adds sustain through reduced shell-to-head contact.

OPTIMOUNT TOM SUSPENSION SYSTEM

A solid, flexible four point suspension mount for prime shell resonance.

1.6mm STEEL HOOPS

Solid tuning performance with reduced weight.

CRBL LUGS

Each sleek and efficient lug is individually isolated from shell contact with nylon gaskets to prevent hardware rattle in play.

DECADE MAPLE

A Drum Kit
10 Years in the Making

BUILT TO PUSH THE BOUNDARIES OF PERFORMANCE AND PRICE

Decade Maple Series drums elevate the playing field for the advancing drummer with pro features and unbeatable value. Over seven decades of Pearl drum craftsmanship and ten full years of research and development culminate in the ideal step up drum kit: Decade Maple Series. Escalating the playing field for the advancing drummer, Decade Maple's featured shell packs are perfect as a primary kit for evolving players or a secondary "gigging" kit for the seasoned pro.

STANDARD 45° BEARING EDGE
Pearl's original precision edge adds sustain through reduced shell-to-head contact.

OPTI-LOC MOUNTING SYSTEM
This three-point isolation mount suspends the drum at two tuning points and one of the drum's air vents for solid, stable play.

1.6mm STEEL HOOPS
Solid tuning performance with reduced weight.

NDL LUGS
Small, efficient, and strong, the NDL lug is designed to hold tuning across all points without taking up too much room on the shell.

MUSIC CITY CUSTOM

Solid Shell Snare Drums Handcrafted in the USA

DISCOVER THE SNARE DRUM YOU'VE BEEN WAITING FOR.

A singular tonal expression that elevates your approach to playing - and feeling - the drums.

Pearl's Music City Custom Solid Shell Snare Drums are uniquely refined, American made percussion instruments crafted with time honored precision. Using an old world technique derived from the shipbuilding trade, each solid shell is meticulously hand-formed from a steam treated plank of premium North American lumber.

Each Music City Custom Solid Shell Snare is then drilled with CNC precision before being hand finished and assembled by our Custom Shop team in Nashville, TN.

The natural beauty of each shell is further refined with a hand-rubbed oil finish available in a choice of standard Nashville Natural or with one of our exceptional, exotic inlay options. Pearl's Music City Custom Solid Shell Snare Drums are truly instruments elevated above all others.

Our handcrafted Solid Shell Snare Drums all feature Solid Maple Reinforcement Rings bonded to both top and bottom of the shell interior.

SOLID SHELL WOOD OPTIONS

SOLID MAPLE
The standard for premium, tonally centered midrange punch and restrained overtone.

SOLID CHERRY
Slightly brighter in tone than Maple with cutting projection. Best suited for a higher velocity stroke.

SOLID WALNUT
A fat growl with a naturally darker tone, the sound of Walnut is a perfect complement to its luxurious grain.

SOLID ASH
Brighter, louder, and with the crack of a homerun hit, the tonal quality of Ash is punchy with extended sustain.

MUSIC CITY CUSTOM

SHELL	8mm w/ 6mm Solid Maple Re-Rings
EDGE	Standard 45°
HOOPS	SuperHoop II
LUGS	STL100
RODS	Stainless Steel
STRAINER	SR017
SNARES	SN1420I (U.S. Patent #7202405)

FINISH AND INLAY OPTIONS

Craft an instrument that truly demands your attention. Each Solid Shell Wood Option is available in your choice of hand rubbed Nashville Natural (without inlay) or configured with one of these exotic inlay options:

#1002
KINGWOOD ROYAL INLAY
(Shown on 14" x 6.5" Maple)
Centered Nicotine White Marine Pearl band surrounded by dual Kingwood inlay strips.
• Available only on 6.5" models

#1003
DUOBAND EBONY MARINE INLAY
(Shown on 14" x 6.5" Ash)
A White Nicotine Marine Pearl band surrounded by dual inlay strips of Macassar Ebony.
• Available only on 6.5" models

#1004
BOXWOOD-ROSE TRIBAND INLAY
(Shown on 14" x 6.5" Cherry)
Three thin bands of Artisan Rosewood and Boxwood creates a stunning inlay.
• Available only on 6.5" models

#1001
KINGWOOD CENTER INLAY
(Shown on 14" x 5" Maple)
A dark, dense inlay from the exotic Brazilian Rosewood family with a rich vertical grain.
• Available on all 5" & 6.5" models

#1005
NICOTINE WHITE MARINE INLAY
(Shown on 14" x 5" Maple)
Embeds a single 6mm band of White Nicotine Marine Pearl in the shell center.
• Available only on 5" models

#1006
BOXWOOD-ROSE SINGLE INLAY
(Shown on 14" x 5" Walnut)
A single strip of combined Artisan Rosewood and Boxwood for an elegant inlay.
• Available only on 5" models

#1007
EBONY SINGLE INLAY
(Shown on 14" x 5" Maple)
A solitary center inlay of imported Macassar Ebony.
• Available only on 5" models

SERIES COMPONENT

Reference One

A nuanced, refined balance of sensitive response and sonic versatility, Reference One Series Snare Drums are an exceptional complement to the total sound of any drum set. Combining an EvenPly blend of hand-cured North American Maple and Birch, the 5.4mm Reference One shell delivers a smooth, resonant quality with heightened top-end pop at the hit. Each snare's hardware selection includes elements that balance overall weight from top to bottom, for supreme sensitivity and crisp projection.

President Series

Traditionally full and controlled, President Series Deluxe Snare drums capture the essence of Pearl's unique drum making beginnings. Each drum utilizes Pearl's original wood snare drum format, including Lauan 6-ply shell, rounded 45 degree edges, eight dual "Battleship" lugs, and adjustable internal muffler for a singular, modern-classic feel and sound.

Session Studio Select Series

Session Studio Select snare drums are a true complement to today's rapidly shifting musical landscape. Their thin, 5.4mm EvenPly-Six combination of Masters-grade Birch and African Mahogany yeilds a blend of pre-EQ'd clarity, warmth, and controlled punch. Tonally sophisticated in feel, look, and performance.

FREE FLOATING

TASK-SPECIFIC INNOVATION Pearl's unique Free Floating Snare chassis removes all hardware from the shell to greatly improve resonance and projection.

By combining the tonal character of each shell type with its ideally matched depth, each Free Floating snare drum is engineered to fit a specific task by model and gives you a unique voice for any sonic situation.

The Ultimate Purity Of Sound

CLICK-LOCK THROW-OFF SYSTEM Engineered with Polymer bearings for precise and smooth action. Unique nylon grip mechanism locks the snares into place. (U.S. Patent 9082376)

SENSITONE HERITAGE ALLOY

Legendary Snare Tone from Studio to Stage

The Sensitone sound has always been drawn from an amalgamation of The Heritage Alloys (Aluminum, Black-over-Brass, and Steel) for the necessary, immediate tones of yesterday's chart toppers with an undeniably modern sensibility. Sensitone Heritage Alloy snare models employ these three original metal shell types to deliver essential tone and power with the right gig-ready touches.

Deep, rich snare power with short, even sustain decay.
FTAL1480

Ultimate in throaty, deep snare growl. Shortened decay.

DUOLUXE

THE WORLD'S FIRST INLAID BRASS SNARE DRUM

Pearl celebrates three-quarters of a century of iconic drum sounds with Duoluxe, a modern take our legendary Jupiter snare drum. This classic combination of a chrome-over-brass alloy shell and our trademark dual inverted shell beads is augmented with two finish bands of Nicotine White Marine Pearl inlay. This gives the shell a singular look and adds tonal nuance to its unbridled sound.

Bold and crisp with short midrange overtone.
DUX1450BR

Fierce and centered mid-to-low sustain.
DUX1465BR

SCD1450MK

Dense, strident snare power with full-compass swagger.
SCD1465AW

Sensitive, centered low-overtone drive.
SCD1465TO

Thick, cavernous sonic body with cutting punch.
SCD1465MK

STAVECRAFT

A startling addition to any pro drummer's soundscape, each StaveCraft shell starts from two layers of meticulously beveled solid wood staves. Dado-Loc, an old world principal exclusive to these snares, inserts a solid segment of contrasting wood into the center Dado channel formed by each stave. This solid fusion of hardwoods is lathed to a perfectly round 25mm thickness for unparalleled volume and power.

UTILITY

VERSATILE DRUMS FOR SECONDARY EFFECTS

MODERN UTILITY snare drums are vital instruments. Well-appointed tools of the trade crafted for the informed, current drummer to make the gig great. Priced for the active working player, Modern Utility snares are available in both 100% Maple and Beaded Steel. Flexible enough to add to any setup and strong enough to stand up to constant play, each model has a cool, versatile vibe. Featuring our CL arch lugs and smooth SR700 snare strainer for precise tunability.

See Korn drummer Ray Luzier's performance test of each Modern Utility snare at

e/MERGE

**NOT JUST A NEW STANDARD.
A NEW SOUND. A NEW FEEL. AND, A
COMPLETELY NEW E-DRUMMING EXPERIENCE.**

e/MERGE is about change, and change in the e-drum market has been way overdue. When we looked closely at every aspect of the current e-drumming experience with KORG, together we knew we could make a dramatic difference. And that difference begins with the all new e/MERGE module. Simple yet elegant in design, the e/MERGE MDL1 module features a full library of high definition, natural, organic and minimally processed acoustic Pearl drums. We then added the very best electronic, world, orchestral and specialty percussion sounds from KORG's vast library of pristine quality samples. But, the module is only part of the change.

There are three key elements that separate e/MERGE from anything that has come before. The MDL1 e/MERGE Module, KORG's amazing WAVE TRIGGER TECHNOLOGY and Pearl's acoustic-like PUREtouch electronic pads and cymbals combine to create an exceptional e-drumming experience.

MDL1

e/MERGE MDL1 MODULE Simple, straight forward yet extremely powerful, the MDL1 module offers, a pair of powerful multicore processors, a full library of acoustic Pearl drums recorded in one of the world's most renowned studios, pristine samples from KORG's library and the variety of routing options every e-drummer needs.

WAVE TRIGGER TECHNOLOGY This ultra-fast and highly sensitive technology partially based upon KORG's groundbreaking Wave Drum allows even your stick choice to make a discernible difference in the sound of your drum. Wave Trigger Technology speed adds a realism to the playing experience never before available to the e-drummer.

PUREtouch

PUREtouch PADS & CYMBALS Perfectly sized pads designed to replicate the ultimate acoustic-like response. PUREtouch features layer upon layer of specially designed materials each selected for a specific quality that together create an e-experience never before possible.

MODULE SPECIFICATIONS

SOUND GENERATOR	2 CPU (4 core + 2 core)

MIMIC PRO POWERED BY SLATE

STATE OF THE ART FEATURES:

- 7" IPS Touch Screen with Programmable Data Wheel
- 120GB Solid State drive
- 16 Dual Zone Inputs
- 16 Programmable Audio Outputs
- MIDI In and Out
- High Quality Digital to Analog Converters
- Two completely separate mixers for headphone and Main outs (Drummer gets a personal mix with and without effects independent of Main outputs)
- Import Wave, Aiff or MP3 sound files
- Compatible with most pads on the market
- Steven Slate Drums 5 Library
- 24 bit multi channel sample library with separate adjustment of Close, Overhead and Room mics
- Onboard effects include EQ, Compression, Reverb with Room Sizes
- Individual Cymbal Volume Adjustments for Bell, Bow, Edge, Chik and Splash
- All AUX and Cymbal inputs have choke function
- Supports triple and dual zone cymbals and dual zone hi hat
- SD card slot and USB
- Additional Instruments and Libraries will be available
- Stereo Aux In and Onboard Metronome
- Internal Recording for Loops and/or Performances

**THE MOST AMAZING
DRUM MODULE
THE WORLD HAS
EVER KNOWN.**

**SERIOUSLY,
IT'S THAT GOOD.**

Superior sound, accurate triggering and connectivity are the most important features of a drum module. Pearl Drums and Steven Slate have joined forces to create "Mimic Pro" - the world's most advanced percussion sound source for studio and live performance applications.

At the heart of this ground breaking unit is the new Steven Slate 5 drum library that features multi-channel drum samples recorded in world class studios. Each instrument supports adjustment of Attack, Sustain, Release, Tune, Pan and volume. Instead of substituting digital effects to create ambience, these instruments use the actual ambient recordings with separate adjustment of close, overhead and room mics.

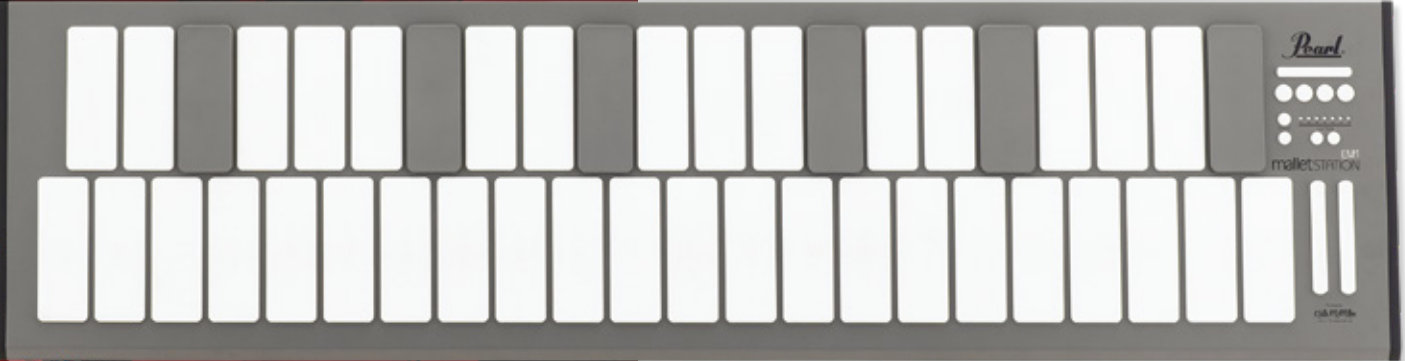

Mimic Pro is the first drum module to implement a 7" IPS touch screen and the first to offer 2 mixers for independent headphone and front house outputs. Now that the drummer is responsible for triggering loops and other sounds for a performance, Mimic Pro can import audio files to trigger from your pads.

Storage is no longer a problem with Mimic's 120GB Solid State Drive and lightning fast loading time. Speaking of connectivity, Mimic Pro is compatible with Pearl TruTrac pads and a host of pads from other manufacturers. Top that off with sixteen audio outs, 16 Trigger inputs, independent SD card Slot, USB and Midi In & Out, Stereo Aux input and you would be hard pressed to find a better option for today's musician.

malletSTATION

The World's First 3.0 Octave Adjustable Range
Electronic Mallet Controller

EM1

malletSTATION™

PRACTICE, PERFORM, COMPOSE ANYWHERE.

- USB Powered MIDI Mallet Keyboard Controller
- Universal Compatibility through phone/tablet/laptop
- Tech-Forward Design featuring KMI Smart Fabric Sensors
- Low Note, Adjustable, User defined 3.0 Octave Range (U.S. Patent 10311841)
- Customizable mallet dampening and aftertouch modes for realistic performance techniques
- Natural feeling soft silicone keys, all-weather playing surface
- Assignable buttons and faders for customized control and functions
- Three assignable pedal inputs for expression and sustain
- Hybrid Aluminum and Steel Chassis design for durability and stability
- Optional MIDI Expander to use external MIDI Hardware (sold separately)
- Flexible mounting on desktop, X-stand, or module mounts (sold separately)
- Mounting plates, stands, cases, covers, and other peripherals (available separately)

- 43, 1.75" x 5" soft silicone keys
- 3 faders and 4 buttons, MIDI assignable
- 3 MIDI assignable 1/4" pedal inputs
- Bottom Note Range Shift up/down buttons
- Octave up/down buttons
- 1.6" H x 12.6" W x 49" L
- 22.5 lbs

Pearl once again redefines the electronic percussion experience by introducing the revolutionary EM1 malletSTATION adjustable range electronic mallet controller.

The EM1 malletSTATION is a 3.0 octave adjustable range electronic mallet controller designed for all levels of player, from the beginning student through the gigging professional. The adjustable range function allows you to set the fundamental diatonic note of the instrument to what you need—low D xylophone? No problem! Powered exclusively by USB Bus Power, the malletSTATION is designed to be used with Mac, PC, iPad, iPhone, and Android devices, making it the first truly portable mallet percussion controller on the market.

Designed in collaboration with Keith McMillen Instruments, malletSTATION's tech-forward design features KMI's Smart Fabric Sensor technology allowing the silicone bar material to have an extremely sensitive, natural response, including mallet dampening and aftertouch control, and all can be easily tailored to your individual playing style. The EM1 features a master control section, with 3 programmable faders, 4 programmable buttons, and the fixed function low note and octave shift buttons. In addition, three assignable pedal inputs allow for flexibility in performance such as sustain, expression, or any MIDI parameter of your choice. These controls are fully programmable through a software editor so changing your configuration is as easy as clicking a mouse.

This is the controller that will grow with you throughout your playing career—from music apps on your phone or tablet, to professional digital audio workstations and sound libraries—your sounds and even the instruments you play are only limited by the software you run.

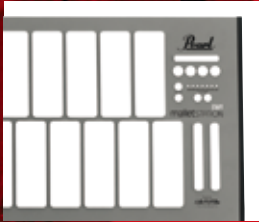

Shown Mounted on Vibraphone with Field Frame

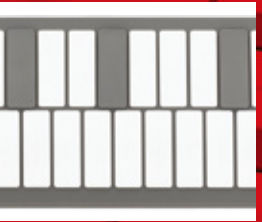

Sleek, modern design with an ultra thin 1.6" profile

1.75" x 5" Soft Silicone Keys powered by KMI Smart Fabric Sensor Technology

Software Assignable Control Panel with 3 Faders, 4 Buttons, plus Low Note and Octave Shift (U.S. Patent 10311841)

Moveable Accidental "Gap Caps" for visual cues when low note range is adjusted

Jack panel with USB MIDI, MIDI expander port, and 3 MIDI assignable 1/4" pedal inputs

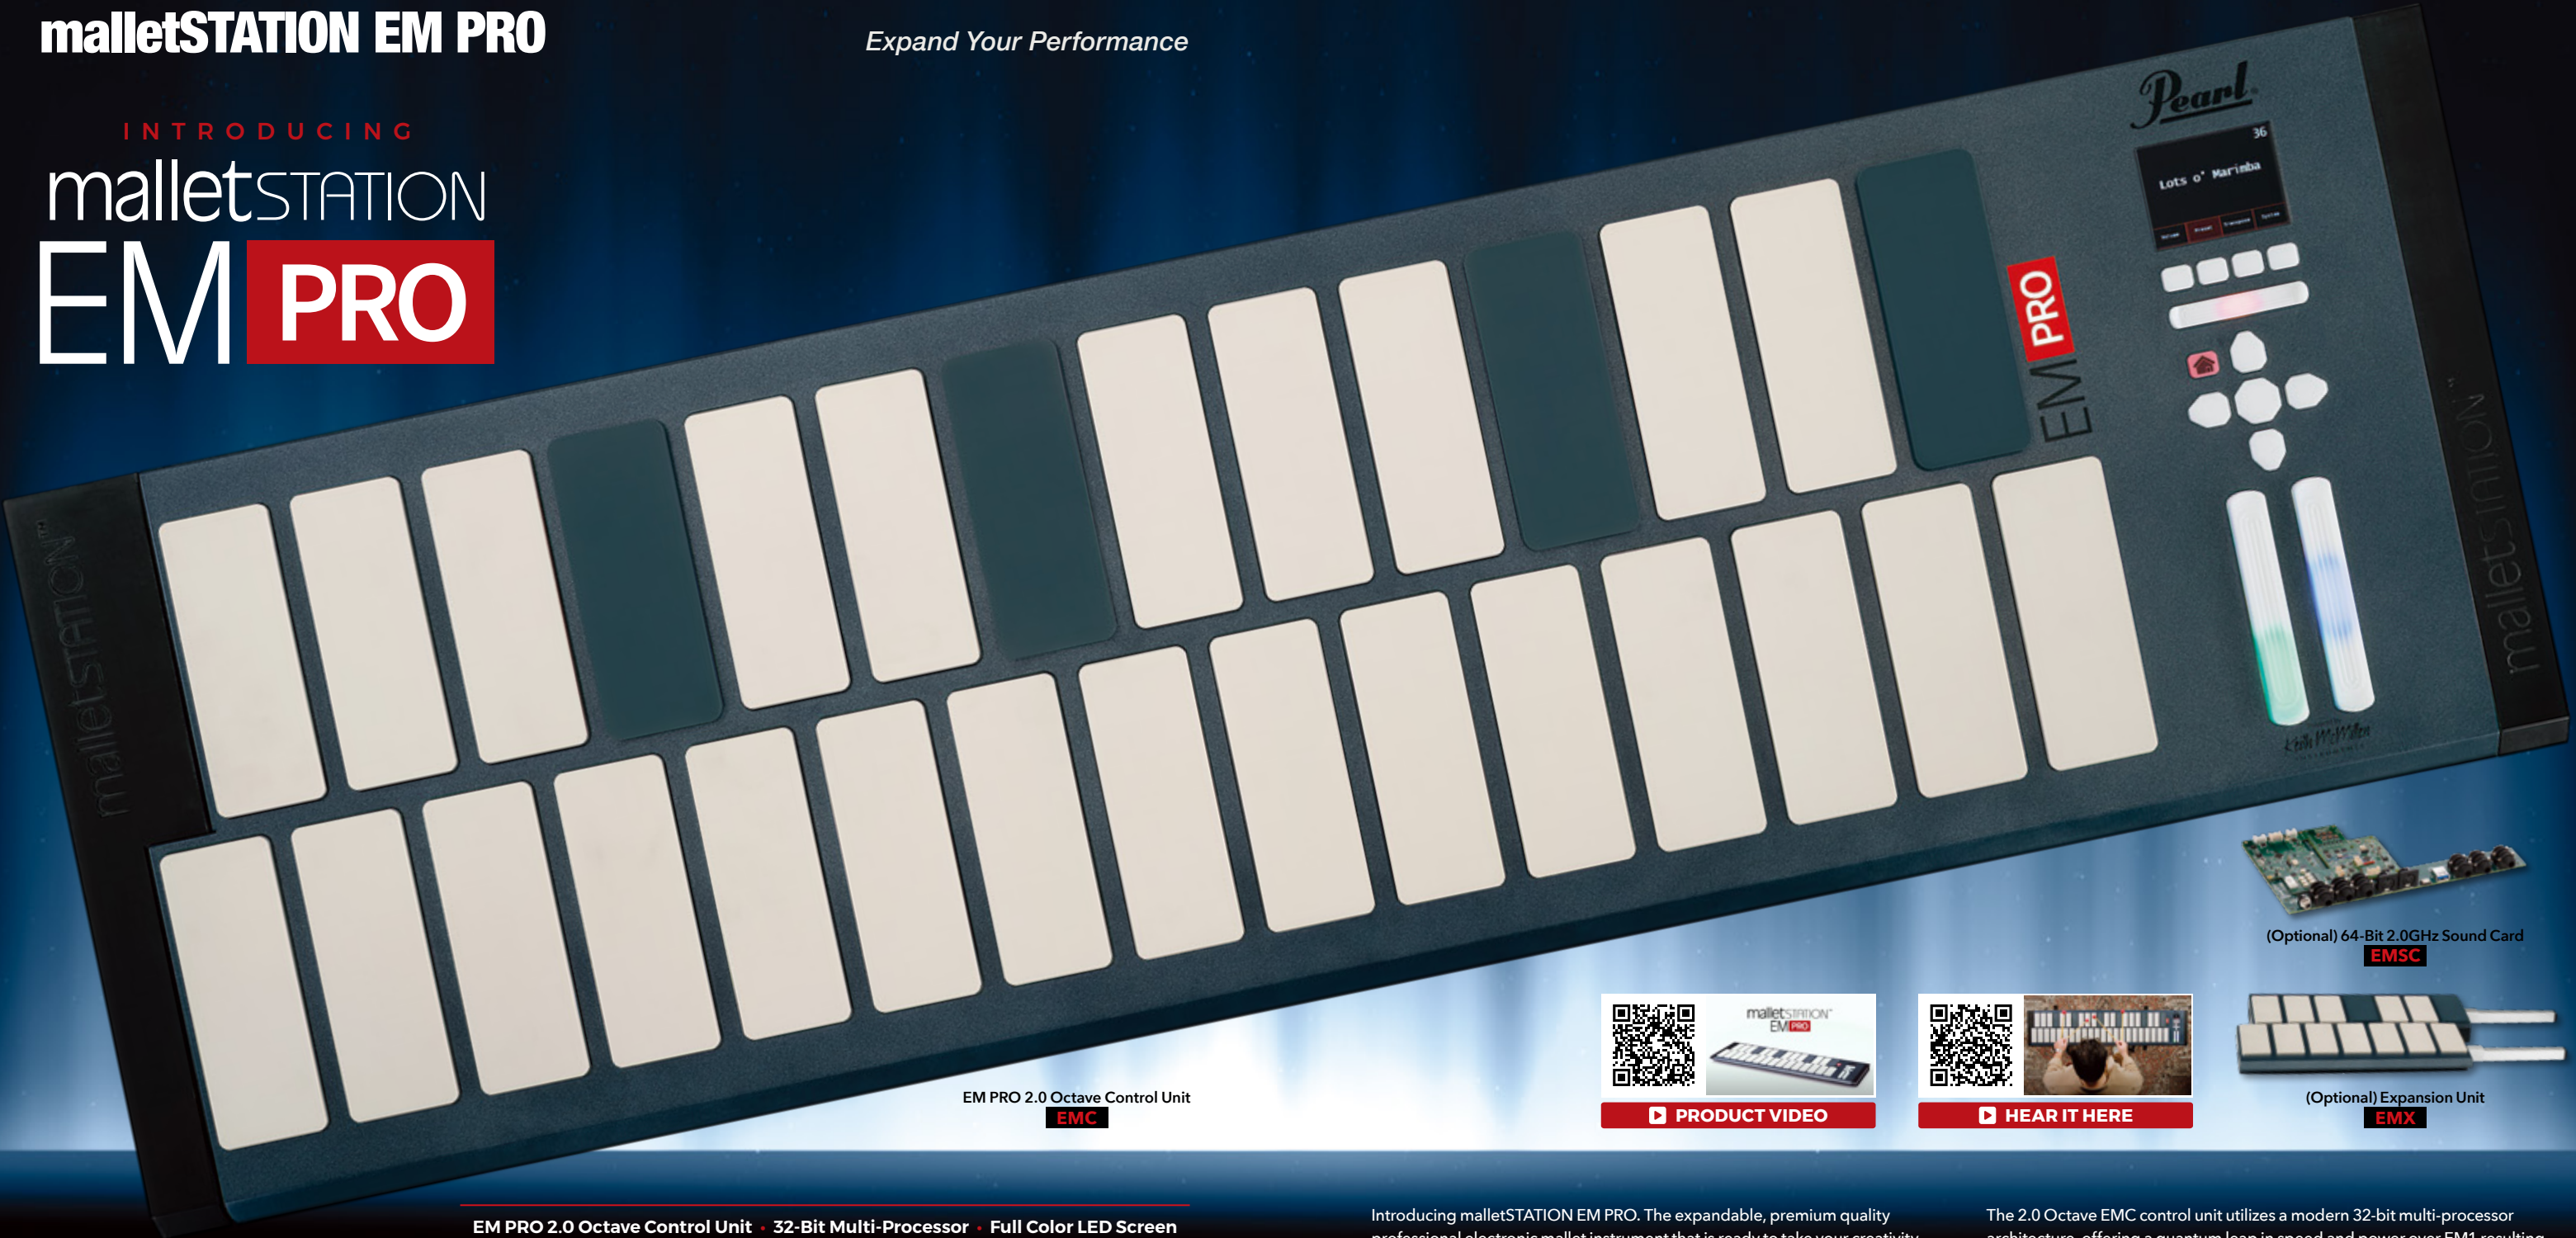

Optional Dual Module Mounts allow malletSTATION to easily mount on racks, stands, and field frames

EM PRO 2.0 Octave Control Unit • 32-Bit Multi-Processor • Full Color LED Screen
Natural Feel Silicone Keys • Range Adjustable Up to 5-Octaves

THE EXPANDABLE, PREMIUM QUALITY, PROFESSIONAL
ELECTRONIC MALLET INSTRUMENT OF YOUR DREAMS.

EM PRO Shown as a 5-Octave Keyboard with 3 EMX Expansion Units

Introducing malletSTATION EM PRO. The expandable, premium quality professional electronic mallet instrument that is ready to take your creativity to places never before possible. Not just an evolution of the original malletSTATION, but a complete departure in purposeful design. Whereas malletSTATION EM1 was designed to be light, portable, and USB-powered for the ultimate go-anywhere mallet controller, EM PRO is all about raw power, ultimate performance, and expandability. EM PRO is built around two separate components that work seamlessly together, allowing you to design the professional performance instrument of your dreams.

The EM PRO platform is comprised of two main components: the EMC Control Unit, and EMX Expansion Unit. The 2.0 octave EMC Control Unit can be used on its own as a compact controller with all the features and functions needed to craft your sound and performance. The EMX expansion octaves can be added to the EMC to create a 3, 4, or 5-octave performance-ready controller that meets the demands of today's music and beyond.

The 2.0 Octave EMC control unit utilizes a modern 32-bit multi-processor architecture, offering a quantum leap in speed and power over EM1 resulting in increased bar precision, accuracy, and extended dynamic range. EM PRO features industry-leading KMI Smart Fabric Technology, a full-color, multi-line screen for navigation, programmable backlit touch-sensitive buttons and control sliders, both USB and 5-pin MIDI connectivity. The EMSC Sound Card option is a user installed Quad-Core ARM 64-bit 2.0GHz processor sound card enabling complete freedom from a computer tether during live performance featuring high-fidelity instrument recordings from Soundiron.

The EMX Expansion Unit brings creativity and individuality to EM PRO. Simply remove the end cap of the Control Unit and slide on one, two, or three EMX Expansion units to create a 3, 4, or a complete 5-octave professional mallet instrument. Units seamlessly lock together, and the inner aluminum frame structure creates a secure, precise, and rock-solid playing surface. Each expansion Unit also features an additional dedicated onboard processor, so adding multiple expansion units never impacts core performance.

ELIMINATOR DEMON XR

SEE the **Demon XR** in action

P3502D

X-TREME SPEED

Its streamlined machine shop design is the result of a two-year research and development project with drummer George Kollias, and delivers a faster, smoother stroke in action.

X-TREME REBOUND

The key to higher playing speed is in its enchanted rebound action and interchangeable Extreme Spring. This exclusive feature makes repeated strokes in the most extreme musical situations effortless.

X-TREME ACCURACY

Primed for the high tempo technicality, the Pearl Demon XR is perfect for any drumming style where precision and endurance is key.

DEMON PEDALS

The Fastest, Smoothest, Most Powerful Pedals in the World

DEMON DRIVE
UNLEASH THE DEMON

Demon Drive's lightning fast power and silky smooth finesse make it the choice of the drumming world's most prolific players. Featuring an amazing array of adjustable features, from beater angle, traction plate grip, and footboard height and angle, Demon Drive truly becomes an extension of your body. Its totally modular design makes it configurable in a variety of single and double pedal setups. Unleash the Demon and find out what custom feel is all about.

ELIMINATOR : REDLINE

The Key to Ultimate Bass Drum Performance

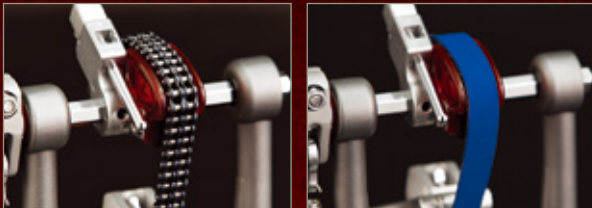

CHOOSE A CAM
REDLINE YOUR PERFORMANCE

The world's only pedal featuring the Patented Interchangeable Cam System, Eliminator: Redline's virtually unlimited tunability lets you lock in personally tuned feel, power, and speed. Like having four pedals in one, Redline pushes the boundaries of bass drum performance by fusing the power and flexibility of Pearl's original Eliminator with the fluid speed of our Demon series pedals.

CHAIN OR BELT DRIVE

*Shown w/ Optional Red Cam

The sprocketless double chain drive on the Eliminator Redline (P2050C) provides super smooth action with powerful and precise feel. The Eliminator Belt Drive model (P2050B) provides a very comfortable, natural feel similar to a direct-drive system.

POWERSHIFTER FUNCTION
By moving the foot board forward or back, our revolutionary PowerShifter function provides 3 positions to fine tune the power and feel of the pedal. Instantly change the drive angle leverage to create a light, regular, or strong feel.

NiNJA BEARINGS Developed by skateboarding engineers for the ultimate in fast, quiet performance, NiNJA Bearings incorporate state of the art micropolished steel balls for incredibly fast and smooth performance.

INDEPENDENT TRACTION GRIPS
Eliminator Redline's redesigned pedalboard features Pearl's exclusive reversible Traction Plate insert, allowing individual traction grip configuration to suit your exact playing requirements.

CLICK-LOCK SPRING ADJUSTMENT
w/ NEW Rotor Tension Cradle. Secures spring tension in high impact play. The counter spring adjustment's rolling cradle allows the spring to pivot with each stroke for less resistance. (U.S. Patent #7754953)

ZERO PLAY HINGE
Our proprietary stainless steel hinge provides maximum freedom of motion for blazing speed and prevents play between the footboard and heel. U.S. Patent #7179978

ROLLER CAM HOOP CLAMP
Mount Adjustment. Quickly adapts to a wide range of hoop thicknesses for the smoothest, most secure grip possible. Easy access to the hoop clamp makes set up and tear down a breeze.

THE CONTROL CORE QUADBEATER
Provides four beater surfaces (two hard plastic, two felt) with the added feel of the vibration-free Control Core elastomer center. U.S. Patent #7626108

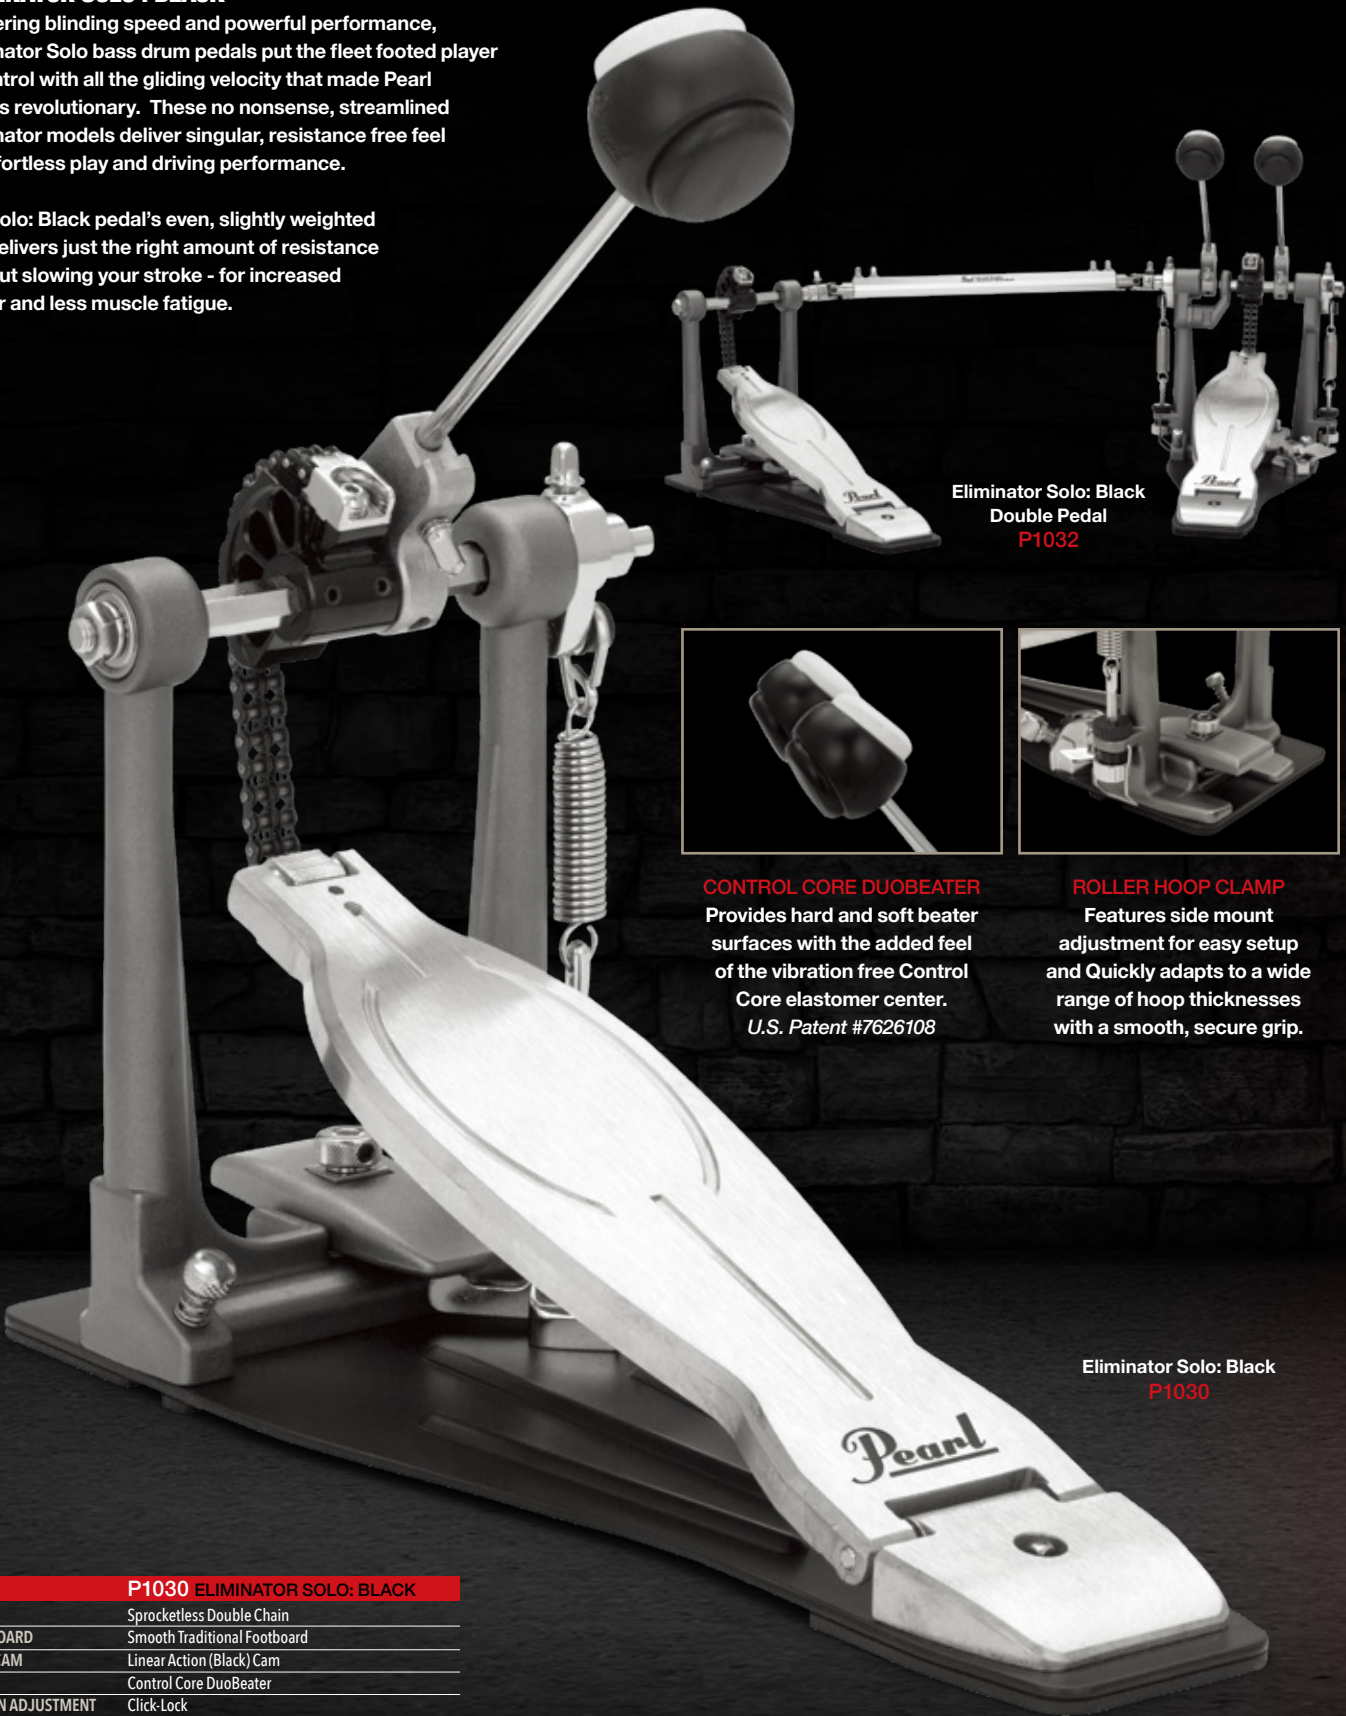

UNI-LOCK BEATER ANGLE CAM
Grips the axle a full 360 degrees, allowing infinite beater angle adjustments. Floating Spring Pendulum design is perfectly centered on the clamp for full bearing movement and maximum smoothness.

ELIMINATOR SOLO

ELIMINATOR SOLO : BLACK

Delivering blinding speed and powerful performance, Eliminator Solo bass drum pedals put the fleet footed player in control with all the gliding velocity that made Pearl pedals revolutionary. These no nonsense, streamlined Eliminator models deliver singular, resistance free feel for effortless play and driving performance.

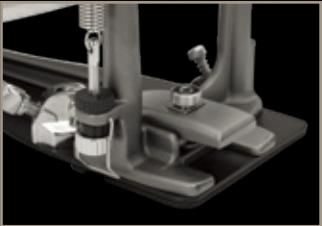

The Solo: Black pedal's even, slightly weighted feel delivers just the right amount of resistance without slowing your stroke - for increased power and less muscle fatigue.

Eliminator Solo: Black
Double Pedal
P1032

CONTROL CORE DUOBEATER
Provides hard and soft beater surfaces with the added feel of the vibration free Control Core elastomer center.
U.S. Patent #7626108

TENSION ADJUSTMENT	Uni-Lock Beater Angle Cam

DUO BEATER

Made in the long-standing tradition of our professional-standard Double Bass Drum Pedals, the P530 series features details like the two surface DuoBeater. Instantly transform your bass drum sound by choosing the quick attack of the Hard/Plastic side, or the more yielding tone of the Felt side.

LINEAR ACTION DOUBLE CHAIN DRIVE CAM

The look and feel of the P530 series is inspired by Pearl's timeless Eliminator pedals. Its Linear Action Double Chain Drive Cams let you take every strike to the head with blinding precision..

EASY TRANSPORT

For easy set-up and tear-down, the P530 series features a side-tensioned Hoop Clamp on the Radius Rod main pedal frame, and a Solid Baseplate on the auxiliary pedal, making it easily adaptable and fully transportable.

Single Pedal Complete
P530

P532 DRUM PEDAL

With enough pro features to fuel double bass intensity, the P532 is a great way build a foundation for a lifetime of play.

Speed. Power. Feel. These simple basics are the foundation of double bass performance, and Pearl's P532 Double Bass Drum Pedal delivers them all, at an unbelievable value. Its fully adjustable universal joint and twin Linear drive cams let both the auxiliary and main pedals move with the same fluid action, making it adaptable to practically any playing style. Designed with the developing drummer in mind, the P532 is easily adjustable and flexible enough to fit in any performance space.

Play Faster, Right From the Starting Line.

HI-HAT STANDS

Biggest Advancement In Time-Keeping Since The Wristwatch

Sharing many of the key characteristics of Pearl's Eliminator Redline bass drum pedals, 2050 Series Hi-Hat Stands deliver unparalleled versatility and customization in hi-hat pedal control. The world's-only hi-hat stand featuring the Interchangeable Cam System, 2050 Series stands' customizable options are designed to eliminate resistance, reduce fatigue, and increase performance.

“Night in and night out, Pearl hardware keeps everything right where it should be, and without fail!”

The RH2050 Remote Hi-Hat's low-friction cable produces smooth, lag-free performance with the lightning-fast action of the PosiLink Twin Cam drive system. Fast, natural-feeling cymbal play is finally accessible virtually anywhere on the kit, or to facilitate multiple hi-hat system setups.

Pearl's Rapid Lock Super Grip's slip-proof clutch system features a patented 360° lock nut that provides vice-like clamping force for a super grip.

Features Eliminator Solo traditional footboard, double braced swiveling tripod, and gigging weight tubing for touring professionals.

Features Eliminator Solo traditional footboard, single braced swiveling tripod, and reduced weight for gigging professionals.

Features an independent tripod positioned separately from the pedal frame, making it the only flat based hi-hat stand specifically for double pedals.

SIGNATURE SERIES

The Pros Play Pearl!

BOBBY ALLENDE

Bobby Allende is a mainstay in the New York Latin Music Scene and he demands the best from his drums, that's why he plays Pearl. His Signature drums are fiberglass with no seams to inhibit vibration which allow the drums to resonate freely for the full, rich sound that Bobby is famous for. The congas are 28 inches tall, fitting the traditional seated player perfectly while adding extra width to the base for added projection and stability. A matching set of bongos is also available.

PSC125CG 12.5" Tumba Conga Bag

The Bobby Allende congas and bongos feature Remo Fiberskyn 3 heads for tuning stability and Pearl's Low-Rider crowns with a radical sloping edge that practically disappears under your hands for comfort you have to experience to believe.

If you demand excellence like Bobby, check out his Signature Fiberglass Congas and Bongos.

- CONGAS

PCF125DXBA617 12.5" TUMBA

- BONGOS
PBF300DXBA617 7" & 8.5"

JESUS DIAZ

Cuban born Jesus Diaz is one of the most in demand percussionists and vocalists on the scene today. His active schedule provided the feature set for his signature series of congas and bongos. Designed for the seated player the Thai Oak drums measure 30" tall and from the Quinto to Tumba feature added girth to the belly of the drum. Seated conga players typically have to tilt the drum to achieve the desired projection, but the Jesus Diaz drums feature a 4" port on the front of the drum that is strategically positioned to deliver the maximum base frequency while the drum remains flat on the floor.

PSC125CG 12.5" Tumba Conga Bag

The drums also feature a newly designed Quick Release lug that is slotted to allow removal of the tension rod without fully removing the nut. Player comfort was also an important ingredient in the design of the hoop. A new ergonomically friendly design reduces the impact to your hands while an internal ring centers the natural buffalo skin heads for accurate placement.

TRAVEL

Congas, Bongos, & Timbales

Where can you take the Pearl Travel Congas and Bongos? The answer is anywhere you can take traditional drums but without any of the hassle. The Travel Congas feature a 3.5" deep wood shell with stave construction and Remo Symmetry heads. Available in three sizes: 11" x 3.5", 11.75" x 3.5" and 12.5" x 3.5" each with five precision Allen bolts. The 7" and 8.5" Travel Bongos feature 3.5" Thai Oak shells with Remo Fiberskyn heads and three point tuning. The Travel Congas and Bongos include a foam-handle tuning wrench.

TIMBALES

Travel Timbales 14" & 15"
with Stand*
PTTM1415

*Bag sold separately

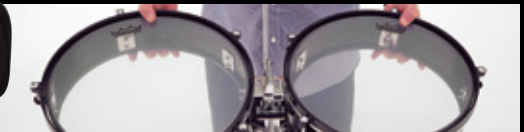

The Pearl Travel Timbales feature 14" and 15" steel shells that are professional size in diameter but only 4" deep.

The drums are connected by a hinge that marries them to the Quick Release stand. The custom hinge allows the drums to be folded together into the size of one standard depth timbale for easy storage and transportation.

The Travel Timbales come with a single braced stand that includes an 11.25" adjustable accessory post with 6 positions that allow cowbells and blocks to be placed the perfect distance from the player.

The steel shells feature a black lacquer finish and USA Remo clear Ambassadors heads for a truly professional sounding instrument. A soft carrying case for the stand is also included (sold separately).

Djem-Bass

DJEM-BASS

The **PJBS350** Djem-Bass Attachment allows you to convert any Pearl 14" djembe into a sub-sonic bass drum. To reduce the attack and add greater "lows," we have included a cloth cap that stretches around the head. For smoother low-end with a slightly reduced attack, slip the included neoprene disc inside, allowing for two distinct sound options. A pedal (not included) attaches via an I.S.S. clamp to the djembe's stand mounting plate. Includes two legs with mounting hardware, pedal bracket, head cover and neoprene muffler.

ASHIKO DRUM

The Ashiko is a close relative to the djembe and its sound is complementary to the djembe when played together in drum circles or ensembles.

FOLKLORIC

FOLKLORIC ELITE CONGAS

Pearl's Folkloric line of congas feature a traditional look with modern innovation that only Pearl can deliver. Each 28" tall Oak drum is designed for the "seated" player, but includes stand mounts for players who prefer to stand. Thicker South American-style natural skin heads make the drums warm-sounding, but a fiberglass gel coating on the interior seals the shell and add the projection and volume desired by today's players. Four Polished Steel Reinforcing Bands are inset on the shell for a smooth touch, and the traditional hoops complete these stunning Cuban instruments.

FOLKLORIC BATA DRUM

Bata drums originated in Nigeria over 500 years ago and were primarily used for religious purposes. The drums were introduced into Cuba by slaves in the 1820's. Pearl Bata's are modeled after an ancient Cuban design and feature naturally finished 100% Thai Oak shells for outstanding and authentic tone. Polished steel traditional rims offer excellent tuning integrity and ease of tuning. These prized ceremonial drums have an hourglass shape and produce a great, warm tone similar to a bongo-like sound on the high drum and a djembe-like tone on the large drum.

BODY	Meranti Plywood
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Wood body with graphic faceplate

1/4” JACK

Plug in your cajon with a ¼” jack and amplify the sound of your Willie Seymour Sparks electrified beat generator.

Primero Music Town Cajon
PBC122B (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Crate style body with graphic faceplate

The Music Town USA cajon is designed to resemble a wooden crate and the faceplate features the names of some of America’s iconic music cities.

Primero Tree of Life Cajon
PBC123BTR (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Hand painted and silkscreen Tree of Life

The Tree of Life cajon features a hand painted and silkscreen design that wraps around three sides and depicts the Tree of Life.

Primero Raven Cajon
PBC123BBR (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Hand painted and silkscreen black raven

The Raven cajon’s finish is a hand painted and silkscreen design that wraps around 3 sides featuring a stylized black raven.

Primero Abstract Red Cajon
PBC120B (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Abstract Red body with black faceplate

Its unique finish is an abstract red print on a cloth sarong that is applied to the body of the cajon and is accentuated by the ebony front.

*FACEPLATE REPLACEMENT MODEL : FP123B

Primero Figured Cherry Cajon
PBC121B (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Figured Cherry*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Natural Figured Cherry w/ gloss black body

Features a stunning figured Cherry faceplate. Because of its hardness, tonally cherry is a close match to maple and when used on a cajon provides more bottom-end.

Jingle Cajon
PCJ629616 (18.75”T x 12.5”W x 12.5”D)

FACEPLATE	Asiatic hardwood
BODY	Fiberglass
SNARES	Fixed, three sets
BASS PORT	Rear facing
FINISH	#616 Artisan Wood Grain

Simply twist open the Brazilian Platinella-style jingles and a new world of sonic options open up, as you sound like two percussionists blending simultaneously.

Boom Box Cajon
PCJ633BB635 (18.75”T x 12.5”W x 12.5”D)

FACEPLATE	Asiatic hardwood
BODY	Fiberglass
SNARES	Fixed, three sets
BASS PORT	Built in, rear facing
FINISH	#635 Artisan Zebra Wood

The Boom Box Cajon creates never-before-heard low-end frequencies from a Fiberglass cajon! Features a fixed snare system and a built-in bass port for subsonic frequencies you have to hear to believe!

Primero Bass Boom Cajon
PCJ1418BBM2 (18”T x 14”W x 14”D)

FACEPLATE	Meranti
BODY	Medium Density
SNARES	Fixed, three sets
BASS PORT	Built in, rear facing
FINISH	Crimson body with black faceplate

Traditional style, classic look, amazing sound. The Bass Boom cajon will get the job done in style.

HANDPANS

A Cosmic Blend of Sound

MELODIC HANDPAN

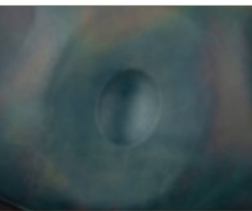

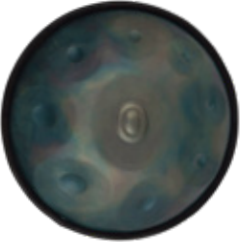

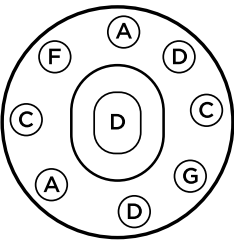

22" Melodic Handpan
9 Note D Minor - **Patina Finish**
PBHP500

Handpans are musical instruments that are a subset of the steelpan. The beautiful tonal characteristics will remind you of steel drums, but handpans are only played by hand, with no sticks or mallets, so the sound has reduced attack but is much more mellow.

The shape of Pearl's 22" Awakening Series Melodic and Euphonic handpans feature a center tone field surrounded by eight tone fields. Each tone field has a fundamental note, an octave, and an overtone, so each field has three notes. The hand-crafted steel construction of the instrument is designed so each tone field holds its tuning.

The Melodic handpan features a patina finish and is meticulously tuned to the D Minor scale, and responds to your finger strikes with excellent sonority.

Hand Hammered Tone Field

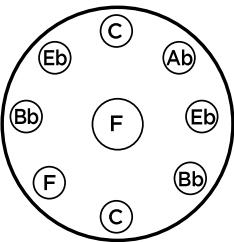

Rubber Edge Protection

Padded Case Included

EUPHONIC HANDPAN

The gray Euphonic handpan is designed for budget-conscious players and tuned to F Minor. Both models include a sturdy, PVC reinforced backpack-style bag to protect the handpan during travel and storage. Tabletop and floor stands are also available but sold separately.

CONCERT PERCUSSION

Engineered for the Professional Percussionist

Pearl is proud to offer Concert Percussion instruments that are attractively priced for school ensembles, yet engineered with the professional percussionist in mind. The symphonic tambourine is a perfect example. Its 17 pairs of specially aged, stamped brass jingles provide a dry, yet bright tone that brings added color to any musical situation. Its 10" headed wood frame allows the

player to effortlessly perform all tambourine techniques, and the tambourine's plush carrying case is included. The rattler is another vital component to any concert percussionists' equipment, and Pearl's is built with an extended handle for a comfortable grip and ease of playing. Holders for the rattler and castanets are also available.

HAND PERCUSSION

A World of Hand Percussion

BLOCKS, BELLS, SHAKERS and more. Choose from a complete selection of hand percussion instruments to add color and impact to your music.

Natural Gourd Guiro
PNG20

Two scraping surfaces: thin grooves on one side for a lighter sound and thicker cut channels on the other side for a beefier sound. The interior is coated with a fiberglass get to add projection and volume.

Metal Guiro
PMG20

Perfect for Merengue rhythms, or just a different metallic sound texture, Pearl's Metal Guiro will become an essential ingredient in your "toy" bag. Scraper included.

Fiberglass Guiro
PFG20

Pearl's Fiber Guiro is light-weight and provides optimal projection due to its fiberglass construction. With the included striker and two different playing surfaces you have a world of sonic possibilities in your hand.

Guiro Holder
PGH20

This innovative design will hold virtually any size guiro secure for one handed playing. Easily mountable off the lug of your conga or any 3/8" post, Pearl's Guiro Holder uses a track system to lock the guiro in place. Included is a 3/8" "Z" rod so you can also mount your favorite accessory as well.

Beaded Maracas
PFM20

The Beaded Maracas feature Shekere-style beads which offer an excellent sound with greater control, and foam handles for enhanced comfort.

Maracabasa
PFM50

The Maracabasa is two great instruments in one, combining the functionality of a maraca and a cabasa in one handheld instrument. Featuring a ribbed fiberglass body wrapped in shekere-style beads.

Basket Ganza 9" X 4"
PGA20

The Pearl basket ganza is a 9"x4" woven tube containing wooden sticks instead of conventional shot. The wood sticks produce an airy percussion sound.

Shakelets
PWR40

This innovative percussion item feature exclusive "Ganzinellas", Brazilian-style plantinellas combined with ganza shakers that are worn on the wrists to produce a shaker sound when playing.

Spirit Chimes w/ Holder and Mallet
PSC30BR

Spirit Chimes have many applications in school bands, percussion ensembles and music programs. They are also perfect for meditation and yoga studios.

36 Anodized Aluminum Chimes w/ Case, Holder, And Striker
PWCH3620A

- Satin black frame with polished bars
- Self-dampening parallel swinging chimes

32 Gold Anodized Aluminum Chimes w/ Case, Holder, and Striker
PWCH3220G

- 32 Gold anodized aluminum chimes
- Self-dampening parallel swinging chimes

32 Bar Aluminum Windchimes w/ Case, Holder, and Striker
PWCH3220A

- 32 Anodized Aluminum Chimes
- Self-dampening parallel swinging chimes

Foldable 36 Anodized Aluminum Chimes
PWCHF3620AF

- Individually strung, goes from 19.25" to 9.75"
- Self-dampening parallel swinging chimes

Quickmount Tambourine w/ Steel Jingles
PTM10SHX

Six double rows of premium steel jingles deliver a bright metallic sound. Features a comfort grip handle that slides into the shock-absorbing Quickmount bracket. Mounts to any 3/8" post.

QUICKMOUNT BRACKET
Hand-held to mounted in seconds.

Quickmount Tambourine w/ Brass Jingles
PTM10GHX

Six double rows of premium brass jingles deliver with bright and a warm metallic sound. Comfort grip handle that slides into the shock-absorbing Quickmount bracket. Mounts to any 3/8" post.

COMFORT GRIP HANDLE
Molded ergonomic shape.

PTM50BHR (Brass)
Ultra Grip Volume Adjustable Tambourine

The jingle control discs can be moved to the outside to allow the jingles to ring freely. As the jingle control discs are tighten the more restricted the jingle.

PTM50SHR (Stainless Steel)

Brass is an alloy of copper and zinc and the jingles provide a bright mid-range tone. Steel jingles have a higher tone with extra top end and sustain.

9" Primero Rock Tambourine w/ Millennium Jingles
PTM09BK

The Primero Rock Tambourine features 6 double sets of Millennium Chrome Jingles in a matte black oval frame.

PTH10B (Brass)

Brass is an alloy of copper and zinc and the jingles provide a bright mid-range tone.

PTH10S (Stainless Steel)

Stainless Steel jingles produce a higher tone with extra top end and sustain.

Hi-Hat Jingle Ring
PJH10SH

The Hi-Hat Jingle Ring has 20 sets of Stainless Steel tambourine style jingles that will accentuate your Hi-Hat sound with every opening and closing of your cymbals.

Gatling Cabasa
CBS100

Simply grab the precision handle and fire away to play any pattern you wish, or keep spinning it for an infinite "sizzle" that is not possible with standard Cabasas.

ASH TONE BLOCKS

Tang-Tang
PTG20

A high and low pair of unique shakers that incorporate a Caxixi-Style Plate and Wooden "Clacker."

PAB20 (High)

PAB50 (Medium)

PAB100 (Low)

Pearl's Ash Tone Blocks are constructed using Ashwood because it is extremely hard and durable. The Ash Tone Blocks are pitched in "thirds" and each block includes a mounting bracket that accepts a 3/8" post.

CLAVE BLOCKS

PBL10 (High)

PBL20 (Medium)

PBL30 (Low)

PBL100 Anarchy Block

Pearl's clave blocks are injection molded so they're virtually indestructible, and the solid color will never chip, fade, or peel. Our exclusive CDV (Chamber Density Variation) Technology process allows all three clave blocks to be the same dimensions but still differ in pitch.

21" Field Percussion Shaker
PGA60FP

Hexagonal body and internal chamber for a truly massive sound.

Wood Hex Ganzas
PGA30W (Short) PGA32W (Long)

The wood Hex Ganzas are made from Shorea wood and maintain the same strong projection as their aluminum brothers, but deliver a warmer less metallic tone.

Hex Ganzas
PGA30 (Short) PGA32 (Long)

The Pearl aluminum Hex Ganzas give more sound control than round shakers and produce a lush shake sound due to their hexagonal shape.

Triple Shaker
PGA40

6" long, rectangular aluminum shaker provides three unique sounds: shake, click, and swish.

Egg Carton
PEC1

Three egg shakers in a clear tube that can be played separately or as a complete unit.

STANDS, BAGS, HOLDERS

Pro Tools for Every Gig

CONGA STANDS

The **PC3000TW** stand holds full size professional congas as securely as most stands double its weight and mass.

The **PC300W** is scaled down to support our lighter Primero Conga lineup. Both stands setup in seconds because there are no wingnuts needed to mount your congas.

The **PC2500** Ultralite Conga stand, is lightweight yet sturdy and stable. Index markings on all adjustable parts make for consistent lightning fast setups.

OPL1016/C Opti-Loc for EXX and DMP 10"-16" Diameter

JUNGLE GIG

JG16 • Pearl's Jungle Gig allows the conversion of a 16" Floor Tom to a Bass drum.

MUFFLERS

External clamp-on muffler for snare drums and toms. By adjusting the pressure and position of the felt pad, excessive overtones can be precisely controlled or eliminated.

OM1 Clamp-on Muffler, Snare Drum & Toms

R2 AIR & OPTIMOUNT

To attain tonally true sound, every drum would have to be mounted in a floating point at the center of its shell. R2 Air equally balances mounting pressure across two floating points at the top and bottom of each tom. This gives true tonal separation from mounting hardware and enhances sonic output. U.S. Patent #11640814

Our OptiMount Suspension System attaches to the tom's tension rods and floats on rubber cushions, providing the ultimate in stability while allowing the drum to resonate fully without restriction.

OPT0708 / for drums 7"-8" deep, 8"-16" diameter
OPT0910 / for drums 9"-10" deep, 8"-16" diameter
OPT1112 / for drums 11"-12" deep, 8"-16" diameter

Pearl offers a tremendous number of parts for our drums and hardware. The parts represented on these pages are some of the most commonly requested items.

STRAINERS

SR014N Standard Snare Strainer
SR017 Snare Strainer Complete
SR018 Snare Strainer Complete

THE SR017 STRAINER Simple and effective, the SR017 is a Pearl standard for effortless snare switching and sensitivity control. Its smooth lever action and fine-tuning knob let you dial in the right amount of snare wire saturation to suit your personal sound.

ULTRA-SOUND SNARES

Pearl's Ultra-Sound snares feature patented Graduated Tension wires for extended dynamic range from ultra soft to ultra loud. Ultra-thin, low mass end plates assure ultra quick response. The end plates feature three mounting options: tunnels or holes for cord mounting and slots for straps. U.S. Patent #7202405

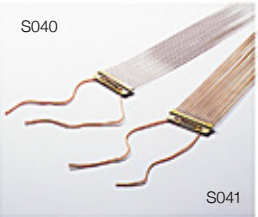

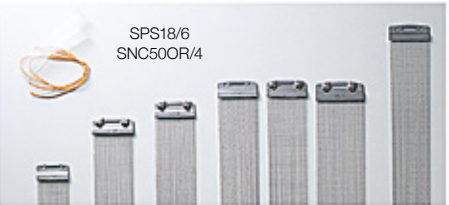

SN1320C 20 strands for 13", C-type, w/ straps & cords
SN1320D 20 strands for 13", D-type, w/ straps & cords

SNC500R/4 Snare Cord (4/pkg)

STAINLESS STEEL TENSION RODS

Pearl's Stainless Steel Tension Rods are machined, not forged, from a single piece of stainless steel to the most exacting tolerances in the industry. They feature super-smooth, precise tensioning, with absolutely no play. Each non-plated stainless steel tension rod is matched with a precision-machined brass swivel nut for ultra-precise performance.
