INSPIRATION AWAITS!

Creativity, Passion, and Rhythm. These are the values that have fueled Pearl’s ongoing quest for percussive excellence. With nearly eight decades of innovation and craftsmanship firmly cemented in the lives of countless drummers, Pearl continues to advance drumming to unsurpassed heights. Our wide range of instruments is built to suit the evolving needs of every playing personality, to bridge the gap between instrument and performer. This includes reimagining every element of the total drum set from its most basic elements to create a more inspired experience for every player. Backing our uncompromised commitment to quality and value with the Industry’s best Warranty, Pearl truly is The Best Reason to Play Drums.

MASTERWORKS
p. 3 - 4, 7 - 12

Custom made in your personal selection of woods, edges, sizes, and veneers.

SHELL RECIPE

Individually tailored combination of Birch, Maple, Gumwood, and/or Mahogany.

SOUND

The tonal reality of your ultimate ideal, Masterworks literally sounds like every drum set you’ve ever dreamed of.

REFERENCE ONE
p. 13 - 14

The ultimate ideal of the modern hybrid drum concept, all components are independently engineered for the best tonality in every quadrant of the kit.

SHELL RECIPE

EvenPly Birch, Maple, and Mahogany hybrid.

SOUND

Expressive, wide range sonic boost with enhanced bottom-end.

DECADE MAPLE ARTISAN
p. 33 - 34

Premium gear for the evolving drummer, featuring lacquered all Maple shells and pro-level elements.

SHELL RECIPE

EvenPly Six (5.4mm) Maple w/Figured Wood Veneer

SOUND

Full maple tone with lively midrange and smooth sustain.

DECADE MAPLE
p. 35 - 36

Premium gear for the evolving drummer, featuring lacquered all Maple shells and pro-level elements.

SHELL RECIPE

EvenPly-Six, 5.4mm Maple

SOUND

Full maple tone with lively midrange and smooth sustain.

EXPORT
p. 37 - 38

The Best-Selling Drum Set of All Time gives the student drummer a strong beginning.

SHELL RECIPE

6-ply 7.5mm Poplar and Asian Mahogany hybrid

SOUND

Crisp attack with dark, formidable bottom-end vibrance.

MASTERS MAPLE / GUM
p. 21 - 22

Optimized for the recording studio; vital tone derived from the Masterworks: Studio shell recipe.

SHELL RECIPE

EvenPly-Six Maple (4-ply outer) and Gumwood (2-ply inner)

SOUND

Explosive midrange tonality with full low-end and precise decay.

MASTERS MAPLE
p. 23 - 24

Three decades of Masters excellence is reimagined with our history-making 6-ply Maple shell and a host of massive upgrades.

SHELL RECIPE

6-ply, 7.5mm Premium Maple.

SOUND

Attack and projection with smooth, full-bodied resonant attack.

MASTERS MAPLE PURE
p. 25 - 26

Pearl’s original premium MMX shell formula delivers near-field resonance and sharp top-end attack for varied pro environments.

SHELL RECIPE

4-ply, 5mm Premium Maple w/4-ply Reinforcement Rings.

SOUND

Balance of powerful midrange and smooth resonant attack.

MIDTOWN
p. 39

An ultra-portable shell pack for full-sized play and powerful grooves in a small footprint.

SHELL RECIPE

6-ply 7.5mm Poplar

SOUND

Tight, responsive tonal bite with enough bottom to fill the pocket.

ROADSHOW
p. 40

A drum set package complete with everything needed to kickstart your rhythmic journey.

SHELL RECIPE

6-ply 7mm Poplar

SOUND

Piercing, open cut with the right amount of sub-bass rumble to keep you inspired.

PROFESSIONAL SERIES
p. 27 - 28

A gig-friendly workhorse derived from our classic MLX Series that’s excellent for independent touring.

SHELL RECIPE

EvenPly-Six, 5.4mm North American Maple

SOUND

Equal parts Low/Mid/High frequency punch with smooth, extended decay.

SESSION STUDIO SELECT
p. 29 - 30

Radically unique Studio blend with pre-EQ’d warmth and cutting, articulate strike.

SHELL RECIPE

EvenPly-Six Birch (4-ply outer) and African Mahogany (2-ply inner)

SOUND

Deep, rich bass frequencies combined with top-end tonal drive.

CRYSTAL BEAT
p. 31 - 32

The original seamless Acrylic drum shell creates a striking visual and sonic showcase.

SHELL RECIPE

Seamless molded Acrylic (Tom and Floor Tom: 6mm / Bass Drum: 7mm)

SOUND

Loud and immediate, delivers pummeling straight tone and yielding feel.

Masterworks

Completely Custom, Totally Handmade

HANDCRAFTED FOR GREATNESS

Masterworks is the realization of your ultimate drum set vision. Every aspect of the kit is curated by you and built to your exacting specifications.

MASTERWORKS Custom shell pack in Crimsonburst Gloss Lacquer with Gold Hardware.

EXPLORE. CREATE. INSPIRE.

Masterworks begins with your choice of our finest hand selected shell veneers and precision engineered premium hardware appointments. Choose your own combination or one of our Sonic-Select Shell recipes to customize a sound and look that is completely your own.

DRUM SHELL TONE WOODS

Choose one or a combination of our premium shell materials to sculpt the sound of each drum.

MAPLE	BIRCH	AFRICAN MAHOGANY	GUMWOOD	CUSTOM INTERIOR	OAK
Tonally equal in highs, mids, and lows for prime, full bodied attack and sustain.	Boosted attack with "Built-in EQ" for articulate and evenly reduced decay.	Dark, elegant tone with powerful bottom-end emphasis.	As a core or interior ply, Gum enhances tone in surrounding plies.	Choose any of Pearl's Artisan Exotic veneers, carbon fiber, or hand applied fiberglass for boutique tones and visuals.	Loud and Bright attack with quick decay, reduced overtone and mid-to-high range pitch.

SHELL SIZE AND THICKNESS

For precise tonal character, sustain, and projection.

THIN	MEDIUM	STANDARD	THICK
(4-ply, 5mm w/ 4-ply Reinforcement Rings) Increased sustain and low-end.	(Even 6-Ply, 5.4mm) Expanded tonal purity and resonant punch.	(6-ply, 7.5mm) Full-bodied tonal projection ideal for general purpose.	(8-ply, 10mm and 10-ply, 12.5mm) Maximum projection and quick decay.

ARTISAN EXOTIC VENEERS

Craft an inspired visual statement with drums hand finished and configured to your specifications.

BEARING EDGE

Masterworks offers a choice of five sonically tested edges - configurable by drum, application, and shell side.

STANDARD 45°	OUTER 60°	INNER 45°	ROUNDED 45°	FULLY ROUNDED
Provides the perfect blend of attack and warmth.	Pulls brighter overtones and increases punch.	Edge apex focused to inner shell plies for controlled sustain.	Increased head-to-shell contact boosts mids and highs.	Boosts mid-to-low range response and reduces decay.

DIFFERENCE - *The Ultimate in Strength, Resonance, and Tone.*

To craft multi-ply, bonded drum shells with single-ply resonance and strength, Pearl pioneered the world's first high temperature hydraulic curing system. SST shells are formed in a bonded combination of cross-laminated

2-ply veneer panels then precision milled with overlapping scarf joint seams and cured with our exclusive AcoustiGlue at 1000 PSI of hydraulic pressure.

HARDWARE FINISH, LUG, AND HOOP OPTIONS

A choice of five plating options comes standard on your selection of our precision tuning lugs, hoops, and drum hardware.

CHOOSE YOUR ARENA. CREATE YOUR DREAM. DEFINE YOUR SOUND.

To bringscope of our unlimited custom options into sharp focus, Masterworks Sonic Select Shell Recipes are seven sonically proven shell and hardware combinations that are individually primed for a distinct performance environment.

ACTIVE OAK

Cutting bright projection with quick decay for big rooms.

SHELL: EvenPly-Six (5.4mm) Maple/Oak
w/ Outer 60° Bearing Edge

STUDIO

Explosive tonal clarity and articulation for recording.

SHELL: EvenPly-Six (5.4mm) Maple/Gumwood
w/ Outer 60° Bearing Edge

HERITAGE

Classic drum feel with enhanced lows and fat top-end slap.

SHELL: 4-ply Maple/Mahogany w/ 4-ply Maple Re-Rings
w/ Standard 45° Bearing Edge

URBAN

A thin, powerful blend for the precise metropolitan drummer.
SHELL: Toms/Bass: EvenPly-Six Birch/Gumwood/Birch (5.4mm)
with 4-ply Maple Re-Rings and mixed Bearing Edges

STADIUM

Pearl's thick CZX Maple shell for high-volume power.

SHELL: Fl. Toms/Bass: 10-ply Maple w/ Outer 60° Bearing Edges.
Toms/Snares: 8-ply Maple w/ Outer 60° Bearing Edges

MODERN DRY

Quick, top-heavy articulation with controlled low-end.

SHELL: 4-ply Maple/Gumwood w/ 4-ply Mahogany Re-Rings
w/Inner 45° Bearing Edges

REFERENCE CLASSIC

Individually engineered hybrid shells for large venue projection.

SHELL: Maple, Birch, and African Mahogany plies
w/Rounded 45 and Fully Rounded Edges.

MASTERWORKS IS A BLANK CANVAS FOR YOUR DRUMMING IDEAL

Any Sonic-Select Shell Recipe shell or hardware option can be owner-modified to make it completely unique in your practically unlimited choice of custom finishes or high definition graphics.

A classic look with minimal shell contact for precise vibration control.

Reference — ONE —

The Reference Legacy.
Unleashed.

A TRUE PEARL ORIGINAL, WITH A FRESH, GROOVE INSPIRING VIBE.

Where the Many Combine to Create a Singular Instrument. Building on the modern hybrid drum concept Pearl originated with Reference Series, every element in the Reference One drum set's construction is fine-tuned to deliver optimal performance. By leveraging specific woods, shell thicknesses, and bearing edges exactly where they are most sonically beneficial within a drum set, Reference One's reduced-thickness EvenPly shells are fitted with MasterCast Die-Cast hoops, for a radical combination sustain and attack. Combined with Pearl's revolutionary R2 Air Tom Suspension System, Reference One takes the hybrid drum concept to new, unprecedented heights.

R2 AIR TOM SUSPENSION SYSTEM
Suspends each drum by four unique points for optimum tone and resonance at any angle. (U.S. Patent #11640814)

MASTERCAST HOOP
Escalates weight for tonal body and increases volume in high velocity play.

SINGLE SWIVEL LUGS
Single Swivel Lugs are self-aligning for better tuning integrity and reduced shell stress. Their reduced profile takes up less room on the shell face, delivering better tone from each drum.

GOLDEN RATIO VENTING
Cast air vents are uniquely placed using the Fibonacci Spiral on each component by size. This creates enhanced shell tonality and refined frequency response. (U.S. Patent # 7485791)

Masters

THE MASTERS YOU REMEMBER, A SOUND YOU'LL NEVER FORGET

ELEVATING THE PLAYING EXPERIENCE FOR THE TRUE PROFESSIONAL.

Pearl's Masters Series has set a standard for the very best in performance-centered instruments for the pro drummer. In celebration of three decades of Masters quality and excellence, Pearl reimagines three original shell recipes with a freshly unified hardware mix to reach new levels of sonic purity for the most discerning environments and players.

MASTERS SHELL CHOICES

MASTERS MAPLE/GUM (MMG)

Masters Maple/Gum (MMG) Primed for the Recording Studio, this legendary shell blend enhances the naturally vibrant sonic nature of Maple with explosive highs and lows.

MASTERS MAPLE PURE (MP4)

The Original Masters Sound delivers full bodied resonant tone with increased lows and a more focused attack.

MASTERS MAPLE (MM6)

Originally offered as Masters MRX, projects powerfully expressive tone fit for evolving live music environments. Sonically centered with equal Highs/Mids/Lows.

MASTERS HARDWARE SELECTION

Adding the groundbreaking R2 Air Tom Suspension system's four point mounting platform to Pearl standards like premium North American shell veneers and MasterCast Die-Cast Hoops, Masters Series is the defining essence of the Pearl Sound and tailored to fit your sonic vision.

R2 AIR TOM MOUNTS

Suspends each drum by four unique points for optimum tone and resonance at any angle. (L-Arm bracket shown) U.S. Patent #11640814

MASTERCAST HOOPS

The ultimate choice for durability and tuning integrity, they increase overall shell weight for enhanced tonal body and volume.

HANDCRAFTED SHELL

The Evolution of
Premium Studio Tone

THE MASTERWORKS STUDIO RECIPE, SIMPLIFIED.

Delivering arguably the greatest drum tones ever recorded, Pearl's performance-centered take on the legendary Maple/Gum shell recipe is a sonic experience every drummer needs to witness. Reaching epic levels in sonic warmth and explosive low-end response, this dynamic shell/hardware combination first debuted as the Masterworks Sonic Select Studio Recipe. With the addition of the R2 Air Tom Suspension System, this is an instrument that is perfectly at home in the Recording environment, and a true prize for each drummer that owns one.

OUTER 60° BEARING EDGE

MASTERS SHELLS

Only the finest cuts of North American hardwood are harvested for Pearl's Masterworks Shell Vault. Cross laminated into dual-layered panels, each veneer in the Masters shell has been hand selected from this exclusive cache to produce drums worthy of Pearl's commitment to quality and performance.

SUPERIOR SHELL TECHNOLOGY

The SST method was developed to craft a multi-ply, bonded drumshell with single-ply resonance and strength. All shells are precision milled with overlapping scarf joint seams and cured with our exclusive AcoustiGlue at 1000 PSI of hydraulic pressure.

SHELLS

EvenPly-Six, 4-ply Maple outer with 2-ply Gumwood inside – The natural warmth of Maple is enhanced by Gumwood's dense, controlling character.

Masters

MAPLE
ALL MAPLE SHELL

Sonically Centered,
Articulate, and Powerful.

A BOLD VOICE FOR HIGH VOLUME STAGE PROJECTION.

With a sound that sits in the tonal center of the mix, Masters Maple is Pearl's original 6-ply shell recipe. This timeless combination of a slightly thicker 6-ply North American Maple shell and a sharper 45-degree bearing edge produces enough precise projection to shake the rafters, yet is responsive to even the slightest stroke. With an equalized high/mid/low tonality, Masters Maple is primed for cutting, vibrant live performance.

STANDARD 45° BEARING EDGE

Pearl's original precision edge adds sustain through reduced shell-to-head contact.

R2 AIR TOM SUSPENSION SYSTEM

Suspends each drum by four unique points for optimum tone and resonance at any angle. (U.S. Patent #11640814)

MASTERCAST HOOPS

The ultimate choice for durability and tuning integrity, they increase overall shell weight for enhanced tonal body and volume.

Masters

MAPLE PURE
ALL MAPLE SHELL

Bridging the Gap Between
Studio and Stage.

A POWERFUL TONAL BLEND OF RESONANCE AND ATTACK.

Pearl reimagines the original Masters shell recipe with Masters Maple Pure. Blending four layers of hand-curated North American Maple with 4-ply Re-Rings from our Masterworks Veneer Vault, its premium shell formula delivers a sonic fusion of near-field resonance and sharp top-end attack for varied pro environments. These hand-curated Maple plies increase the overall Janka hardness of the shell for increased projection, improved sustain, and better sonic output than ever before.

STANDARD 45° BEARING EDGE
Standard 45° – Pearl's original precision edge adds sustain through reduced shell-to-head contact.

R2 AIR TOM SUSPENSION SYSTEM
Suspends each drum by four unique points for optimum tone and resonance at any angle. (U.S. Patent #11640814)

MASTERCAST HOOPS
The ultimate choice for durability and tuning integrity, they increase overall shell weight for enhanced tonal body and volume.

CL BRIDGE LUGS
A classic look with minimal shell contact for precise vibration control.

MASTERS SELECTION

Pearl is committed to offering each drummer a top-tier experience in selecting and purchasing their Masters Series kit. Available for immediate delivery in a curated varitey of in-stock components, Masters gives you the freedom of configuring your ideal set-up without the restriction of pre-formatted shell packs.

MASTERS FINISHES

Available in a wide range of Premium and Custom exterior lacquers, Masters drum finishes are hand-applied through Pearl's painstaking thirty-one step process. Choose from over 20 different Transparent, Metallic, Fade, Burst, Sparkle, Swirl, or Stripe Lacquers for your own unique statement.

R2AIR

SUSPENSION SYSTEM

**TOTALLY BALANCED,
TONALLY UNITED,
FLOATING TOM SUSPENSION**

THE EVOLUTION OF TOM MOUNTING TAKES A GIANT LEAP FORWARD.

The physics of drum resonance is about to meet its match. For the first time, totally unrestricted, fully uninhibited, tonally uncolored sound can be drawn from mounted toms, with the Pearl R2 Air Tom Suspension system. U.S. Patent #11640814

Elevate the Physics - and Sound - of Your Drum. R2 Air improves the overall tone of the complete drum kit by delivering the true sound of each mounted tom by creating a transition bridge from toms to floor toms.

ROCK SOLID, TOTALLY FLEXIBLE TOM POSITIONING.

Pearl is the first drum maker to offer a choice in tom mounting function. The GyroLock gearless positioning system offers the option of vertical placement with a 12.7mm solid L-arm, and the horizontal framing of our traditional 7/8" tube mount. Both offer infinite angle adjustment with a simple turn of the key without compromising sound or security. Unlike other L-arm holders that rely on a limited position, fallible ball-in-socket system, GyroLock's internal locking system can secure any angle without parts that wear over time.

MASTERWORKS SONIC-SELECT STUDIO RECIPE
IN NATURAL FLAME MAPLE
FEATURING
R2 AIR / GYROLOCK-L COMBINATION

MASTERWORKS SONIC-SELECT STUDIO RECIPE
IN NATURAL FLAME MAPLE
FEATURING
R2 AIR / GYROLOCK STANDARD
PIPE COMBINATION

U.S. Patent #11640814

EXCLUSIVE FOUR-POINT FLOATING ISOLATION PLATFORM.

To attain tonally true sound, every drum would have to be mounted in a floating point at the center of its shell. R2 Air equally balances mounting pressure across two floating points at the top and bottom of each tom. This gives true tonal separation from mounting hardware and enhances sonic output. All mounting hardware is isolated from the shell via the R2 Air's four ResoDisk shock absorption inserts.

DamperDisk

Sustain and tone can even be fine-tuned with the addition of its included rubber DamperDisk in one of four tension points. This shortens decay for a more pronounced note.

MEMORY, WHERE YOU NEED IT MOST

GyroLock-L's position settings can be locked in place with the aid of additional memory locks in three separate places. This, plus our new Compass Dial markings, assure teardown and reset that is quick, secure, and repeatable. (US.PAT.11990109)

R2AIR ACCESSORIES

PIPE TO L-ROD CONVERSION ADAPTER

CPR1278

The CPR-1278 converts any 7/8" (22.2mm) diameter traditional Pearl tom receiver into a 12.7mm L-Rod tom holder. Simply insert the 7/8" horizontal end into a standard Pearl receiver and tighten the clamp, and enjoy the stability of vertical L-Rod tom positioning. This adapter allows the use of traditional pipe mounts while keeping the usability of newer L-rod tom holders from 9.5mm to 12.7mm. Its memory lock notch prevents slippage in play and holds toms securely in practically any position.

MIC CLIP ADAPTER

MICA1

Small, efficient, and secure, the MICA-1 Mic Clip Adapter is a strong solution for mounting your choice of microphone safely to Pearl MasterCast, SuperHoopll, and FatTone Hoop. Attaching to the top and bottom of the hoop with the simple turn of a drum key, the MICA-1 works with most any available mic clip to keep mics mounted in the optimum sonic space; even where a reduced footprint is an issue. Designed specifically to work in tandem with Pearl's revolutionary R2Air Tom Mount, the MICA-1 allows for flexible microphone positioning to suit various performance needs and set-ups (microphone clip and microphone not included.)

PROFESSIONAL SERIES

ALL MAPLE SHELL

Est. 1986. An Updated,
Upgraded, Premium Gigging
Powerhouse.

A PLAYER-READY DRUM SET PLATFORM FIT FOR ACTIVE GIGGING
AND TOURING..

From local gigs to national tours, Pearl's updated Professional Series drums have a look and sound that fits in any live performance space. Beginning in 1985, Pearl introduced its legendary MLX drums under the Professional Series banner to bring the powerful Maple sound to the forefront. Today, Professional Series returns with the spirit of the original and a refreshed presence for the experienced drummer.

STANDARD 45°
BEARING EDGE

Standard 45° – Pearl's original precision edge adds sustain through reduced shell-to-head contact.

OPTIMOUNT SUSPENSION

MUSIC CITY CUSTOM

Solid Shell Snare Drums Handcrafted in the USA

DISCOVER THE SNARE DRUM YOU'VE BEEN WAITING FOR.

A singular tonal expression that elevates your approach to playing - and feeling - the drums.

Pearl's Music City Custom Solid Shell Snare Drums are uniquely refined, American made percussion instruments crafted with time honored precision. Using an old world technique derived from the shipbuilding trade, each solid shell is meticulously hand-formed from a steam treated plank of premium North American lumber.

Each Music City Custom Solid Shell Snare is then drilled with CNC precision before being hand finished and assembled by our Custom Shop team in Nashville, TN.

The natural beauty of each shell is further refined with a hand-rubbed oil finish available in a choice of standard Nashville Natural or with one of our exceptional, exotic inlay options. Pearl's Music City Custom Solid Shell Snare Drums are truly instruments elevated above all others.

Our handcrafted Solid Shell Snare Drums all feature Solid Maple Reinforcement Rings bonded to both top and bottom of the shell interior.

SOLID SHELL WOOD OPTIONS

SOLID MAPLE
The standard for premium, tonally centered midrange punch and restrained overtone.

SOLID CHERRY
Slightly brighter in tone than Maple with cutting projection. Best suited for a higher velocity stroke.

SOLID WALNUT
A fat growl with a naturally darker tone, the sound of Walnut is a perfect complement to its luxurious grain.

SOLID ASH
Brighter, louder, and with the crack of a homerun hit, the tonal quality of Ash is punchy with extended sustain.

MUSIC CITY CUSTOM

SHELL	8mm w/ 6mm Solid Maple Re-Rings
EDGE	Standard 45°
HOOPS	SuperHoop II
LUGS	STL100

FINISH AND INLAY OPTIONS

Craft an instrument that truly demands your attention. Each Solid Shell Wood Option is available in your choice of hand rubbed Nashville Natural (without inlay) or configured with one of these exotic inlay options:

#1002
KINGWOOD ROYAL INLAY
(Shown on 14" x 6.5" Maple)
Centered Nicotine White Marine Pearl band surrounded by dual Kingwood inlay strips.
• Available only on 6.5" models

#1003
DUOBAND EBONY MARINE INLAY
(Shown on 14" x 6.5" Ash)
A White Nicotine Marine Pearl band surrounded by dual inlay strips of Macassar Ebony.
• Available only on 6.5" models

#1004
BOXWOOD-ROSE TRIBAND INLAY
(Shown on 14" x 6.5" Cherry)
Three thin bands of Artisan Rosewood and Boxwood creates a stunning inlay.
• Available only on 6.5" models

#1001
KINGWOOD CENTER INLAY
(Shown on 14" x 5" Maple)
A dark, dense inlay from the exotic Brazilian Rosewood family with a rich vertical grain.
• Available on all 5" & 6.5" models

#1005
NICOTINE WHITE MARINE INLAY
(Shown on 14" x 5" Maple)
Embeds a single 6mm band of White Nicotine Marine Pearl in the shell center.
• Available only on 5" models

#1006
BOXWOOD-ROSE SINGLE INLAY
(Shown on 14" x 5" Walnut)
A single strip of combined Artisan Rosewood and Boxwood for an elegant inlay.
• Available only on 5" models

#1007
EBONY SINGLE INLAY
(Shown on 14" x 5" Maple)
A solitary center inlay of imported Macassar Ebony.
• Available only on 5" models

SERIES COMPONENT

Reference One 20Ply / Reference One Series

Reference One Brass / Masters Maple Gum Series

Reference One 20ply

Pearl Reference One Series Snare Drums feature an staggeringly thick 20-ply blended Maple (14) Birch (6) shell with a 45-degree bearing edge, for focused volume and power with no loss in sensitivity or articulation. All Reference snare drums feature Pearl Mastercast hoops, our unique swiveling STL lug, and patented SR1000 Glide-Lock snare strainer.

Reference One Brass

Reference One Brass - True to the Reference legacy of performance-proven instruments, Reference One Brass Snare Drums deliver unparalleled projection, power, and presence. Combining a formidable 3mm rolled Brass shell with the reduced footprint of our STL Swivel Lugs lets each drum project with bell-like tonal clarity. The addition of MasterCast hoops, our slip free Glide-Lock strainer, and the smooth sensitivity of our Ultra-Sound snare wires make each drum an absolutely vital instrument, from Studio to Stadium.

Quick, yielding snap with heavy midrange tonality.

Reference One

A nuanced, refined balance of sensitive response and sonic versatility, Reference One Series Snare Drums are an exceptional complement to the total sound of any drum set. Combining an EvenPly blend of hand-curated North American Maple and Birch, the 5.4mm Reference One shell delivers a smooth, resonant quality with heightened top-end pop at the hit. Each snare's hardware selection includes elements that balance overall weight from top to bottom, for supreme sensitivity and crisp projection.

Masters Maple/Gum

The legendary Maple/Gum shell recipe's dynamic tonal punch makes it an ideal choice for snare drum voicings. Its EvenPly-Six combination of premium North American Maple and figured sweet Gum wood creates a thin but very dense shell for a punchy, immediate tone that is perfect for recording.

MMG Snare Drums are Available in 13" x 6.5", 14" x 5", 14" x 6.5", and 14" x 8."

Quick, yielding snap with heavy midrange tonality.
RF1P1450S/C

A sonic dichotomy of versatile crack and guttural punch.

SERIES COMPONENT

Masters Maple, Masters Maple Pure Series

Professional / Session Studio Select Series

Masters Maple

Masters Maple Snare Drums feature Pearl’s original 6-ply North American Maple shell and a sharper 45-degree bearing edge. This thicker snare shell projects with authority with an equalized high/mid/low tonality yet is responsive to even the slightest stroke. An exceptional choice for high-velocity players in louder, live performance settings.

MM6 Snare Drums are Available in 13" x 6.5", 14" x 5", 14" x 6.5", and 14" x 8."

Professional Series

Professional Series Snare Drums are an exceptional avenue for the gigging pro. Their EvenPly shell fuses six reduced thickness layers of cross-laminated North American Maple for expanded tonal purity, increased resonance, and dramatically different snare sensitivity.

Full-Spectrum snare power with thick bottom-end focus.
MM6P1450S/C

Powerful attack with thick, mid-heavy overtone.
MM6C1465S/C

Masters Maple Pure

Combining medium/thin four-layer Maple shell blend with 4-ply Maple Reinforcement-Rings and MasterCast Hoops, Masters Maple Pure Snare Drums deliver a flexible sonic fusion of near-field sensitivity and sharp top-end attack. This makes them ideal for a variety of performance environments, from intimate club stages to grand theaters and sanctuaries.

MM4 Snare Drums are Available in 13" x 6.5", 14" x 5", 14" x 6.5", and 14" x 8."

Session Studio Select Series

Session Studio Select snare drums are a true complement to today’s rapidly shifting musical landscape. Their thin, 5.4mm EvenPly-Six combination of Masters-grade Birch and African Mahogany yeilds a blend of pre-EQ’d clarity, warmth, and controlled punch. Tonally sophisticated in feel, look, and performance.

SST Snare Drums are Available in 14" x 5.5", 14" x 6.5", and 14" x 8."

Top-end snap with crisp sensitivity and sustain.

FREE FLOATING

TASK-SPECIFIC INNOVATION Pearl's unique Free Floating Snare chassis removes all hardware from the shell to greatly improve resonance and projection.

By combining the tonal character of each shell type with its ideally matched depth, each Free Floating snare drum is engineered to fit a specific task by model and gives you a unique voice for any sonic situation.

The Ultimate Purity Of Sound

CLICK-LOCK THROW-OFF SYSTEM Engineered with Polymer bearings for precise and smooth action. Unique nylon grip mechanism locks the snares into place. (U.S. Patent 9082376)

SENSITONE HERITAGE ALLOY

Legendary Snare Tone from Studio to Stage

The Sensitone sound has always been drawn from an amalgamation of The Heritage Alloys (Aluminum, Black-over-Brass, and Steel) for the necessary, immediate tones of yesterday's chart toppers with an undeniably modern sensibility. Sensitone Heritage Alloy snare models employ these three original metal shell types to deliver essential tone and power with the right gig-ready touches.

Deep, rich snare power with short, even sustain decay.
FTAL1480

Ultimate in throaty, deep snare growl. Shortened decay.

THE WORLD'S FIRST INLAID
BRASS SNARE DRUM

Pearl celebrates three-quarters of a century of iconic drum sounds with Duoluxe, a modern take our legendary Jupiter snare drum. This classic combination of a chrome-over-brass alloy shell and our trademark dual inverted shell beads is augmented with two finish bands of Nicotine White Marine Pearl inlay. This gives the shell a singular look and adds tonal nuance to its unbridled sound.

Bold and crisp with short midrange overtone.
DUX1450BR

Fierce and centered mid-to-low sustain.

STAVECRAFT

A startling addition to any pro drummer's soundscape, each StaveCraft shell starts from two layers of meticulously beveled solid wood staves. Dado-Loc, an old world principal exclusive to these snares, inserts a solid segment of contrasting wood into the center Dado channel formed by each stave. This solid fusion of hardwoods is lathed to a perfectly round 25mm thickness for unparalleled volume and power.

Peak high-end sonic dominance with lively overtone.
SCD1450AW

Dense, strident snare power with full-compass swagger.

COLLABORATION SNARE

THE IGNITER

To capture the searing energy of drumming for a new generation of players, Pearl collaborated with viral video drummer Casey Cooper to create The Igniter. Specifically created to instantly improve the sound of any student drum kit, it's a fantastic value to keep the fire of drumming burning bright!

PICCOLO

These versatile drums is perfect as a primary snare as well as secondary/ side snare accents, and speaks with rich sensitivity for a myriad of playing styles. Screaming out like the crack of a starting pistol, M1330 delivers the essential Piccolo Snare Drum sound. Brash, bold, and expressive, B1330 delivers a broader approach to the Piccolo Snare Drum sound. S1330 reduced diameter and depth make it quick, articulate, and powerful for everything from rimshots to unrestricted power drumming.

EFFECTS SNARE

This versatile drum is great for secondary effects and percussion rigs as well as in main playing position. An added voice for multiple musical styles.

The Short Fuse 13"x3.5" Piccolo snare is the perfect compliment to your expanding sonic signature. Its tight, cracking tone is perfect for side or main snare play and punctuated accents. One strike and you'll know, it doesn't take much to make the Short Fuse explode!.

FIRECRACKER

When you're ready to add sparks to your playing, the first thing to do is to add a FireCracker snare drum. As the name implies these explosive powerhouses deliver huge sound from a small package. FireCracker snare drums are available in 12"x 5" and 10"x 5" sizes in your choice of 8 ply Poplar or Steel. Light the fuse and stand back!

LEARN. GROW. eROADSHOW.

URNS FIRST-TIME PLAYERS INTO DRUMMERS

The eRoadshow is packed with features to get you playing faster. Its built-in metronome, coach mode practice training, and 10 exclusively composed onboard play-along tracks get you drumming in styles from Funk to Metal.

REALISTIC FEEL, QUIET PLAY-ALONG

The playing surface on each drum features durable two-ply nylon mesh for realistic feel and sensitive tracking, and its upgraded dual-zone snare pad and responsive rubber surfaces on each cymbal pad further create an authentic playing experience.

EASY ASSEMBLY AND STORAGE, FOR ANY SPACE

The sturdy, efficient design of the included drum rack assembles in a few easy steps. With a 25% smaller footprint, eRoadshow delivers a totally realistic drum set play in tight spaces and folds away for easy storage.

FREE LEARNING INCLUDED THROUGH MELODICS APP

Simply plug your device into the AUX-IN jack on the eRoadshow module to play along through the included headphones, or get accelerated learning through the Melodics App with 50 free lessons exclusively for eRoadshow owners.

malletSTATION

Pearl introduces the ultimate mallet keyboard controller for teachers, players, students, and professionals. Practice, perform, compose anywhere.

The World's First 3.0 Octave Adjustable Range Electronic Mallet Controller.

malletSTATION™

EM1

PLAY ANY INSTRUMENT THROUGH ANY DEVICE. ANY RANGE, ANYWHERE, ANYTIME.

The World's First 3.0 Octave Adjustable Range Electronic Mallet Controller. Powered By Cutting Edge Technology from Keith McMillen Instruments.

EM1 shown without Moveable Accidental "Gap Caps"

- 43, 1.75" x 5" soft silicone keys • 3 faders and 4 buttons, MIDI assignable • 3 MIDI assignable 1/4" pedal inputs
- Bottom Note Range Shift up/down buttons • Octave up/down buttons • 1.6" H x 12.6" W x 49" L • 16.25 lbs

Pearl once again redefines the electronic percussion experience by introducing the revolutionary EM1 malletSTATION adjustable range electronic mallet controller.

The EM1 malletSTATION is a 3.0 octave adjustable range electronic mallet controller designed for all levels of player, from the beginning student through the gigging professional. The adjustable range function allows you to set the fundamental diatonic note of the instrument to what you need—low D xylophone? No problem! Powered exclusively by USB Bus Power, the malletSTATION is designed to be used with Mac, PC, iPad, iPhone,

and Android devices, making it the first truly portable mallet percussion controller on the market.

Designed in collaboration with Keith McMillen Instruments, malletSTATION's tech-forward design features KMI's Smart Fabric Sensor technology allowing the silicone bar material to have an extremely sensitive, natural response, including mallet dampening and aftertouch control, and all can be easily tailored to your individual playing style. The EM1 features a master control section, with 3 programmable faders, 4 programmable buttons, and the fixed function low note and octave shift buttons. In

addition, three assignable pedal inputs allow for flexibility in performance such as sustain, expression, or any MIDI parameter of your choice. These controls are fully programmable through a software editor so changing your configuration is as easy as clicking a mouse.

This is the controller that will grow with you throughout your playing career—from music apps on your phone or tablet, to professional digital audio workstations and sound libraries—your sounds and even the instruments you play are only limited by the software you run.

PRACTICE, PERFORM, COMPOSE ANYWHERE.

- USB Powered MIDI Mallet Keyboard Controller
- Universal Compatibility through phone/tablet/laptop
- Tech-Forward Design featuring KMI Smart Fabric Sensors
- Low Note, Adjustable, User defined 3.0 Octave Range (U.S. Patent 10311841)
- Customizable mallet dampening and aftertouch modes for realistic performance techniques
- Natural feeling soft silicone keys, all-weather playing surface
- Assignable buttons and faders for customized control and functions
- Three assignable pedal inputs for expression and sustain
- Hybrid Aluminum and Steel Chassis design for durability and stability
- Optional MIDI Expander to use external MIDI Hardware (sold separately)
- Flexible mounting on desktop, X-stand, or module mounts (sold separately)
- Mounting plates, stands, cases, covers, and other peripherals (available separately)

Shown Mounted on Vibraphone with Field Frame

1.75" x 5" Soft Silicone Keys powered by KMI Smart Fabric Sensor Technology

Software Assignable Control Panel with 3 Faders, 4 Buttons, plus Low Note and Octave Shift

Moveable Accidental "Gap Caps" for visual cues when low note range is adjusted

Jack panel with USB MIDI, MIDI expander port, and 3 MIDI assignable 1/4" pedal inputs

Optional Dual Module Mounts allow malletSTATION to easily mount on racks, stands, and field frames

Sleek, modern design with an ultra thin 1.6" profile

**THE EXPANDABLE, PREMIUM QUALITY, PROFESSIONAL
ELECTRONIC MALLET INSTRUMENT OF YOUR DREAMS.**

One **EMC** 2.0 Control Module and Three **EMX** 1.0 Octave Expansion Modules creating a full 5.0 Octave EM PRO Mallet Instrument.

Introducing malletSTATION EM PRO. The expandable, premium quality professional electronic mallet instrument that is ready to take your creativity to places never before possible. Not just an evolution of the original malletSTATION, but a complete departure in purposeful design. Whereas malletSTATION EM1 was designed to be light, portable, and USB-powered for the ultimate go-anywhere mallet controller, EM PRO is all about raw power, ultimate performance, and expandability. EM PRO is built around two separate components that work seamlessly together, allowing you to design the professional performance instrument of your dreams.

The EM PRO platform is comprised of two main components: the EMC Control Unit, and EMX Expansion Unit. The 2.0 octave EMC Control Unit can be used on its own as a compact controller with all the features and functions needed to craft your sound and performance. The EMX expansion octaves can be added to the EMC to create a 3, 4, or 5-octave performance-ready controller that meets the demands of today's music and beyond.

The 2.0 Octave EMC control unit utilizes a modern 32-bit multi-processor architecture, offering a quantum leap in speed and power over EM1 resulting in increased bar precision, accuracy, and extended dynamic range. EM PRO features industry-leading Muse Kinetics Technology, a full-color, multi-line screen for navigation, programmable backlit touch-sensitive buttons and control sliders, both USB and 5-pin MIDI connectivity. The EMSC Sound Card option is a user installed Quad-Core ARM 64-bit 2.0GHz processor sound card enabling complete freedom from a computer tether during live performance featuring high-fidelity instrument recordings from Soundiron.

The EMX Expansion Unit brings creativity and individuality to EM PRO. Simply remove the end cap of the Control Unit and slide on one, two, or three EMX Expansion units to create a 3, 4, or a complete 5-octave professional mallet instrument. Units seamlessly lock together, and the inner aluminum frame structure creates a secure, precise, and rock-solid playing surface. Each expansion Unit also features an additional dedicated onboard processor, so adding multiple expansion units never impacts core performance.

ELIMINATOR DEMON XR

P2502CX

STREAMLINE EXTENDED PEDALBOARD
With 10% more playing surface than standard bass drum pedals, the StreamLine footboard's transitional ball-plate provides a tractionless platform to give your foot further reach in high velocity double strokes.

MONOPOST FRAME
Sturdy, reinforced pedal frame allows for closer pedal pairings and further reach at the hilt in each stroke.

INTERCHANGEABLE CAM SYSTEM
A Pearl original, this revolutionary system allows for an instant change in power and feel for complete, customized playing control. Just push the release button, pull the housed cam, and snap one of any four included cams in place.*

WEIGHT-ADJUSTABLE QUAD BEATER
Dramatically enhances the attack and tone of any bass drum, and evens the impact of each stroke for improved articulation. Lock in your own feel and sound with removing any one of four beater weights.

ZERO PLAY HINGE BEARINGS
Tension controlled for friction reduction, this proprietary stainless steel hinge with added bearings for maximized motion reduced footboard and heel plate play. (*Patent Pending)

POWERSHIFTER FUNCTION
Fine tune power and feel in light (Forward), regular (Center), or strong (Rear) locking heel plate positions.

NINJA AXLE BEARINGS
The ultimate in fast, quiet performance NiNiA Bearings feature precision micropolished steel balls for incredibly fast and smooth performance.

SELF-ALIGNING ROLLER HOOP CLAMP
With a spring-loaded deck and pivoting top clamp, this patented feature allows you to adjust the angle of your bass drum without damage to the hoop or position interference in the pedal. (*Patent Pending)

ELIMINATOR : REDLINE

The Key to Ultimate Bass Drum Performance

CHOOSE A CAM
REDLINE YOUR PERFORMANCE

The world's only pedal featuring the Patented Interchangeable Cam System, Eliminator: Redline's virtually unlimited tunability lets you lock in personally tuned feel, power, and speed. Like having four pedals in one, Redline pushes the boundaries of bass drum performance by fusing the power and flexibility of Pearl's original Eliminator with the fluid speed of our Demon series pedals.

CHAIN OR BELT DRIVE

*Shown w/ Optional Red Cam

The sprocketless double chain drive on the Eliminator Redline (P2050C) provides super smooth action with powerful and precise feel. The Eliminator Belt Drive model (P2050B) provides a very comfortable, natural feel similar to a direct-drive system.

pedals come standard with
Custom Carry bags.

POWERSHIFTER FUNCTION
By moving the foot board forward or back, our revolutionary PowerShifter function provides 3 positions to fine tune the power and feel of the pedal. Instantly change the drive angle leverage to create a light, regular, or strong feel.

NiNJA BEARINGS Developed by skateboarding engineers for the ultimate in fast, quiet performance, NiNJA Bearings incorporate state of the art micropolished steel balls for incredibly fast and smooth performance.

INDEPENDENT TRACTION GRIPS
Eliminator Redline's redesigned pedalboard features Pearl's exclusive reversible Traction Plate insert, allowing individual traction grip configuration to suit your exact playing requirements.

CLICK-LOCK SPRING ADJUSTMENT
w/ NEW Rotor Tension Cradle. Secures spring tension in high impact play. The counter spring adjustment's rolling cradle allows the spring to pivot with each stroke for less resistance. (U.S. Patent #7754953)

ZERO PLAY HINGE
Our proprietary stainless steel hinge provides maximum freedom of motion for blazing speed and prevents play between the footboard and heel.

ROLLER CAM HOOP CLAMP
Mount Adjustment. Quickly adapts to a wide range of hoop thicknesses for the smoothest, most secure grip possible. Easy access to the hoop clamp makes set up and tear down a breeze.

THE CONTROL CORE QUADBEATER
Provides four beater surfaces (two hard plastic, two felt) with the added feel of the vibration-free Control Core elastomer center. U.S. Patent #7626108

UNI-LOCK BEATER ANGLE CAM
Grips the axle a full 360 degrees, allowing infinite beater angle adjustments. Floating Spring Pendulum design is perfectly centered on the clamp for full bearing movement and maximum smoothness.

ELIMINATOR SOLO

ELIMINATOR SOLO : BLACK

Delivering blinding speed and powerful performance, Eliminator Solo bass drum pedals put the fleet footed player in control with all the gliding velocity that made Pearl pedals revolutionary. These no nonsense, streamlined Eliminator models deliver singular, resistance free feel for effortless play and driving performance.

The Solo: Black pedal's even, slightly weighted feel delivers just the right amount of resistance without slowing your stroke - for increased power and less muscle fatigue.

Eliminator Solo: Black
Double Pedal
P1032

CONTROL CORE DUOBEATER
Provides hard and soft beater surfaces with the added feel of the vibration free Control Core elastomer center.
U.S. Patent #7626108

ROLLER HOOP CLAMP
Features side mount adjustment for easy setup and Quickly adapts to a wide range of hoop thicknesses with a smooth, secure grip.

Singular Feel, Eliminator Speed, Priced to Perform. Fly Solo and Set Your Feet Free!

ELIMINATOR SOLO : RED

Delivering accurate speed and focused performance, the Eliminator Solo: Red bass drum pedal delivers no-nonsense Eliminator feel for the technically decisive player.

Focusing the drive on the accurate feel of the Radical Progressive Action of Eliminator: Redline Red Cam, its shape allows the double chain to better match the motion of your foot. This means smooth movement at the bottom of the stroke with an accelerated PUSH at the top, and quick rebound for reactive doubles.

Eliminator Solo: Red

P930 / P932 PEDALS

SUPER SMOOTH, EXTREMELY FAST!

Merging quick rebound response of our flagship Demon Drive with the finely-tuned control of our award-winning Eliminator models, the P930 bass drum pedal offers high end performance at a player accessible price. Its longboard playing deck delivers a lighter feel for increased speed, and offers advanced performance control and tunability with two rotor cam options. The ultimate pedal for fast feet on a budget.

ORANGE PROGRESSIVE CAM
Can be removed to reveal the Perfect Circle for further tunability to match your playing style.

CLICK LOCK SPRING TENSION
maintains perfect tension gig after gig. Set it and forget it. (U.S. Patent #7754953)

CONTROL CORE DUO BEATER
(U.S. Patent #7626108) utilizes an elastomer center to minimize vibration and features two unique playing surfaces (rounded felt and convex hard plastic surface) for quick-shifting tone and feel.

POWERSHIFTER FUNCTION
further tunes the power, feel, and leverage of the pedal by shifting the chain angle forward for lighter feel, or back for increased power.

P530 DRUM PEDAL

P530 DRUM PEDAL

With all the speed and function of a pro bass drum pedal at half the price, Pearl's P530 Bass Drum Pedal features a dual chain and Linear Action cam drive for smooth, traditional pedal action and speed. The radius rod frame makes it highly portable for gigging, while features like a two surface DuoBeater and rotor tension axle clamp make it adaptable to virtually any feel or playing style.

Single Pedal Complete
P530

DUO BEATER

Made in the long-standing tradition of our professional-standard Double Bass Drum Pedals, the P530 series features details like the two surface DuoBeater. Instantly transform your bass drum sound by choosing the quick attack of the Hard/Plastic side, or the more yielding tone of the Felt side.

LINEAR ACTION DOUBLE CHAIN DRIVE CAM

The look and feel of the P530 series is inspired by Pearl's timeless Eliminator pedals. Its Linear Action Double Chain Drive Cams let you take every strike to the head with blinding precision..

EASY TRANSPORT

For easy set-up and tear-down, the P530 series features a side-tensioned Hoop Clamp on the Radius Rod main pedal frame, and a Solid Baseplate on the auxiliary pedal, making it easily adaptable and fully transportable.

Two individual "V" formation racks that are height and position adjustable for easy placing, setup, and tear down. Creates a footprint on each side of the kick drum that can easily transform from a reduced setup into a grand one.

Standard single curved drum rack with a shorter rail and shorter end posts. Allows mounting from the main rail only inches from the ground for a lower profile setup.

Allows the mounting of toms and cymbals in the center position of a Double Bass drum setup. Multiple "T-Phase" racks can support drums and cymbals securely from both sides of the kick drum.

SIGNATURE SERIES

BOBBY ALLENDE

Bobby Allende is a mainstay in the New York Latin Music Scene and he demands the best from his drums, that's why he plays Pearl. His Signature drums are fiberglass with no seams to inhibit vibration which allow the drums to resonate freely for the full, rich sound that Bobby is famous for. The congas are 28 inches tall, fitting the traditional seated player perfectly while adding extra width to the base for added projection and stability. A matching set of bongos is also available.

The Bobby Allende congas and bongos feature Remo Fiberskyn 3 heads for tuning stability and Pearl's Low-Rider crowns with a radical sloping edge that practically disappears under your hands for comfort you have to experience to believe.

If you demand excellence like Bobby, check out his Signature Fiberglass Congas and Bongos.

PSC125CG	12.5" Tumba Conga Bag

JESUS DIAZ

Cuban born Jesus Diaz is one of the most in-demand and well-respected world percussionists and vocalists on the scene today and his series of congas and bongos is designed to the critical specifications of a true master conguero. To start, the Thai Oak drums measure 30" tall which is idea for the seated player as well as double or single conga stand mounting options. Next, the slightly more rotund belly and added inner lining of fiberglass allows all the drums to project and cut through even the largest ensembles. A simple, yet elegant, Quick Release tension lug is slotted to allow easy removal of heads without fully removing the nut which complements the Contour Crown rim for pain-free slap tones on the longest of sessions. However, the true jewel of this set is the 14" Super Tumba! This larger-than-most tumba will offer additional lower frequency possibilities and expanded tuning ranges for the complete conga set. Lastly, exclusively designed by Jesus himself, the Deep Blue and Coral Red Stripes is an eye-catching and stunningly rich lacquer finish topped off with the hand-select premium natural buffalo heads.

CONGA RESO-PLATE

Designed for the seated conga player, Pearl's Reso-Plate will give you that hard surface desired for maximum resonance. Configured with a cutout handle, the plates can also easily be placed on top of your drums for extra protection when packed in your conga case.

Conga Reso-Plates

TRAVEL

Congas, Bongos, & Timbales

Where can you take the Pearl Travel Congas and Bongos? The answer is anywhere you can take traditional drums but without any of the hassle. The Travel Congas feature a 3.5" deep wood shell with stave construction and Remo Symmetry heads. Available in three sizes: 11" x 3.5", 11.75" x 3.5" and 12.5" x 3.5" each with five precision Allen bolts. The 7" and 8.5" Travel Bongos feature 3.5" Thai Oak shells with Remo Fiberskyn heads and three point tuning. The Travel Congas and Bongos include a foam-handle tuning wrench.

TIMBALES

Travel Timbales 14" & 15"
with Stand*
PTTM1415

*Bag sold separately

The Pearl Travel Timbales feature 14" and 15" steel shells that are professional size in diameter but only 4" deep.

The drums are connected by a hinge that marries them to the Quick Release stand. The custom hinge allows the drums to be folded together into the size of one standard depth timbale for easy storage and transportation.

The Travel Timbales come with a single braced stand that includes an 11.25" adjustable accessory post with 6 positions that allow cowbells and blocks to be placed the perfect distance from the player.

The steel shells feature a black lacquer finish and USA Remo clear Ambassadors heads for a truly professional sounding instrument. A soft carrying case for the stand is also included (sold separately).

Djem-Bass

DJEM-BASS

The PJBS350 Djem-Bass Attachment allows you to convert any Pearl 14" djembe into a sub-sonic bass drum. To reduce the attack and add greater "lows," we have included a cloth cap that stretches around the head. For smoother low-end with a slightly reduced attack, slip the included neoprene disc inside, allowing for two distinct sound options. A pedal (not included) attaches via an I.S.S. clamp to the djembe's stand mounting plate. Includes two legs with mounting hardware, pedal bracket, head cover and neoprene muffler.

ASHIKO DRUM

The Ashiko is a close relative to the djembe and its sound is complementary to the djembe when played together in drum circles or ensembles.

FOLKLORIC

FOLKLORIC ELITE CONGAS

Pearl's Folkloric line of congas feature a traditional look with modern innovation that only Pearl can deliver. Each 28" tall Oak drum is designed for the "seated" player, but includes stand mounts for players who prefer to stand. Thicker South American-style natural skin heads make the drums warm-sounding, but a fiberglass gel coating on the interior seals the shell and add the projection and volume desired by today's players. Four Polished Steel Reinforcing Bands are inset on the shell for a smooth touch, and the traditional hoops complete these stunning Cuban instruments.

FOLKLORIC BATA DRUM

Bata drums originated in Nigeria over 500 years ago and were primarily used for religious purposes. The drums were introduced into Cuba by slaves in the 1820's. Pearl Batas are modeled after an ancient Cuban design and feature naturally finished 100% Thai Oak shells for outstanding and authentic tone. Polished steel traditional rims offer excellent tuning integrity and ease of tuning. These prized ceremonial drums have an hourglass shape and produce a great, warm tone similar to a bongo-like sound on the high drum and a djembe-like tone on the large drum.

CAJONS

Get in the Cajon Zone!

Elite Dub Bass Front Ported Cajon
PBEDBC1420 (20”T x 13.5”W x 16”D)

FACEPLATE	Blended Maple, 50/50 screws & glued
BODY	Meranti and White Teak
SNARES	Fixed, three sets
BASS PORT	Built in, front facing
FINISH	Natural

The Dub Bass cajon features an internal sound chamber that channels the bass out the front ports.

FRONT BASS PORTS

Elite Birch Cajon
PBEBBC1219W (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Walnut / Meranti
BODY	Birch / Meranti
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Natural

The walnut faceplate produces a tone with more bottom end and is fully glued-on with no screws used.

WALNUT FACEPLATE

Primero Music Genre Cajon
PBC124B (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Crate style body with graphic faceplate

TWO SETS SNARES

Features Pearl’s crate design and the faceplate displays the names of some of the most popular musical genres.

Primero Coffee Bean Cajon
PBC320 (18.25”T x 14”W x 14”D)

FACEPLATE	Meranti
BODY	Meranti Plywood
SNARES	Fixed, three sets
BASS PORT	Patented, built in, rear facing
FINISH	Crate style body with graphic faceplate

THREE SETS SNARES

The Coffee Bean cajon features Pearl’s crate design and the faceplate resembles a crate of Peruvian coffee beans.

Primero Acme Cajon
PBC125B (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Meranti Plywood
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Crate style body with graphic faceplate

BASS PORT

The Acme Explosive cajon features Pearl’s crate design and the faceplate resembles a crate of explosives.

Willie S. Sparks Electric Cajon
PBEC210 (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Meranti Plywood
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Wood body with graphic faceplate

1/4” JACK

Plug in your cajon with a ¼” jack and amplify the sound of your Willie Seymour Sparks electrified beat generator.

Primero Music Town Cajon
PBC122B (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Crate style body with graphic faceplate

The Music Town USA cajon is designed to resemble a wooden crate and the faceplate features the names of some of America’s iconic music cities.

Primero Tree of Life Cajon
PBC123BTR (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Hand painted and silkscreen Tree of Life

The Tree of Life cajon features a hand painted and silkscreen design that wraps around three sides and depicts the Tree of Life.

Primero Raven Cajon
PBC123BBR (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Hand painted and silkscreen black raven

The Raven cajon’s finish is a hand painted and silkscreen design that wraps around 3 sides featuring a stylized black raven.

Primero Abstract Red Cajon
PBC120B (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Meranti*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Abstract Red body with black faceplate

Its unique finish is an abstract red print on a cloth sarong that is applied to the body of the cajon and is accentuated by the ebony front.

*FACEPLATE REPLACEMENT MODEL : FP123B

Primero Figured Cherry Cajon
PBC121B (19.25”T x 11.75”W x 11.75”D)

FACEPLATE	Figured Cherry*
BODY	Medium-Density Fiberboard
SNARES	Fixed, two sets
BASS PORT	Patented, built in, rear facing
FINISH	Natural Figured Cherry w/ gloss black body

Features a stunning figured Cherry faceplate. Because of its hardness, tonally cherry is a close match to maple and when used on a cajon provides more bottom-end.

Jingle Cajon
PCJ629616 (18.75”T x 12.5”W x 12.5”D)

FACEPLATE	Asiatic hardwood
BODY	Fiberglass
SNARES	Fixed, three sets
BASS PORT	Rear facing
FINISH	#616 Artisan Wood Grain

Simply twist open the Brazilian Platinella-style jingles and a new world of sonic options open up, as you sound like two percussionists blending simultaneously.

Boom Box Cajon
PCJ633BB635 (18.75”T x 12.5”W x 12.5”D)

FACEPLATE	Asiatic hardwood
BODY	Fiberglass
SNARES	Fixed, three sets
BASS PORT	Built in, rear facing
FINISH	#635 Artisan Zebra Wood

The Boom Box Cajon creates never-before-heard low-end frequencies from a Fiberglass cajon! Features a fixed snare system and a built-in bass port for subsonic frequencies you have to hear to believe!

Primero Bass Boom Cajon
PCJ1418BBM2 (18”T x 14”W x 14”D)

FACEPLATE	Meranti
BODY	Medium Density
SNARES	Fixed, three sets
BASS PORT	Built in, rear facing
FINISH	Crimson body with black faceplate

Traditional style, classic look, amazing sound. The Bass Boom cajon will get the job done in style.

*FACEPLATE REPLACEMENT MODEL: FP123B

HANDPANS

A Cosmic Blend of Sound

MELODIC HANDPAN

22" Melodic Handpan
9 Note D Minor - Patina Finish
PBHP500

Handpans are musical instruments that are a subset of the steelpan. The beautiful tonal characteristics will remind you of steel drums, but handpans are only played by hand, with no sticks or mallets, so the sound has reduced attack but is much more mellow.

The shape of Pearl's 22" Awakening Series Melodic and Euphonic handpans feature a center tone field surrounded by eight tone fields. Each tone field has a fundamental note, an octave, and an overtone, so each field has three notes. The hand-crafted steel construction of the instrument is designed so each tone field holds its tuning.

The Melodic handpan features a patina finish and is meticulously tuned to the D Minor scale, and responds to your finger strikes with excellent sonority.

Hand Hammered Tone Field

Rubber Edge Protection

Padded Case Included

EUPHONIC HANDPAN

The gray Euphonic handpan is designed for budget-conscious players and tuned to F Minor. Both models include a sturdy, PVC reinforced backpack-style bag to protect the handpan during travel and storage. Tabletop and floor stands are also available but sold separately.

Case Included

TONGUE DRUMS

Engineered for the Professional Percussionist

AWAKENING SERIES TONGUE DRUMS
Pearl proudly introduces the Awakening Series of 6 Tongue Drums: Three 8 note and three 9 note drums tuned to pentatonic scales.

Tongue drums derive their name from the tongue shaped areas where you strike the drum. The results are a cosmic blend of tones that are as much fun to hear as play.

8 Note G Major #687 Blue Burst
PMTD8GMF687

8 Note A Ake Bono #688 Brown Burst

CONCERT PERCUSSION

Engineered for the Professional Percussionist

Pearl is proud to offer Concert Percussion instruments that are attractively priced for school ensembles, yet engineered with the professional percussionist in mind. The symphonic tambourine is a perfect example. Its 17 pairs of specially aged, stamped brass jingles provide a dry, yet bright tone that brings added color to any musical situation. Its 10" headed wood frame allows the player to effortlessly perform all tambourine techniques, and the tambourine's plush carrying case is included. The rattler is another vital component to any concert percussionists' equipment, and Pearl's is built with an extended handle for a comfortable grip and ease of playing. Holders for the rattler and castanets are also available.

ORCHESTRAL TAMBOURINES

The Pearl Orchestral Series Professional Tambourines provide performers a new voice and sound for any performing situation. These 5 instruments feature uniquely sourced and hand-hammered jingles combinations of German Silver, Phosphor Bronze, Beryllium Copper, and Yellow Brass that give a full spectrum of color and projection options to players. The 10" shell is a well-balanced and lightweight 2-ply Mahogany design with contoured hand-hold areas for comfortable performance and warm tone. The natural finish goatskin head provides a full responsive sound and traditional look without sacrificing durability.

HAND PERCUSSION

A World of Hand Percussion

BLOCKS, BELLS, SHAKERS and more. Choose from a complete selection of hand percussion instruments to add color and impact to your music.

Natural Gourd Guiro
PNG20

Two scraping surfaces: thin grooves on one side for a lighter sound and thicker cut channels on the other side for a beefier sound. The interior is coated with a fiberglass get to add projection and volume.

Metal Guiro
PMG20

Perfect for Merengue rhythms, or just a different metallic sound texture, Pearl's Metal Guiro will become an essential ingredient in your "toy" bag. Scraper included.

Fiberglass Guiro
PFG20

Pearl's Fiber Guiro is light-weight and provides optimal projection due to its fiberglass construction. With the included striker and two different playing surfaces you have a world of sonic possibilities in your hand.

Guiro Holder
PGH20

This innovative design will hold virtually any size guiro secure for one handed playing. Easily mountable off the lug of your conga or any 3/8" post, Pearl's Guiro Holder uses a track system to lock the guiro in place. Included is a 3/8" "Z" rod so you can also mount your favorite accessory as well.

Beaded Maracas
PFM20

The Beaded Maracas feature Shekere-style beads which offer an excellent sound with greater control, and foam handles for enhanced comfort.

Maracabasa
PFM50

The Maracabasa is two great instruments in one, combining the functionality of a maraca and a cabasa in one handheld instrument. Featuring a ribbed fiberglass body wrapped in shekere-style beads.

Basket Ganza 9" X 4"
PGA20

The Pearl basket ganza is a 9"x4" woven tube containing wooden sticks instead of conventional shot. The wood sticks produce an airy percussion sound.

Shakelets
PWR40

This innovative percussion item feature exclusive "Ganzinellas", Brazilian-style plantinellas combined with ganza shakers that are worn on the wrists to produce a shaker sound when playing.

Spirit Chimes w/ Holder and Mallet
PSC30BR

Spirit Chimes have many applications in school bands, percussion ensembles and music programs. They are also perfect for meditation and yoga studios.

36 Anodized Aluminum Chimes w/ Case, Holder, And Striker
PWCH3620A

- Satin black frame with polished bars
- Self-dampening parallel swinging chimes

32 Gold Anodized Aluminum Chimes w/ Case, Holder, and Striker
PWCH3220G

- 32 Gold anodized aluminum chimes
- Self-dampening parallel swinging chimes

32 Bar Aluminum Windchimes w/ Case, Holder, and Striker
PWCH3220A

- 32 Anodized Aluminum Chimes
- Self-dampening parallel swinging chimes

Foldable 36 Anodized Aluminum Chimes
PWCHF3620AF

- Individually strung, goes from 19.25" to 9.75"
- Self-dampening parallel swinging chimes

Quickmount Tambourine w/ Steel Jingles
PTM10SHX

Six double rows of premium steel jingles deliver a bright metallic sound. Features a comfort grip handle that slides into the shock-absorbing Quickmount bracket. Mounts to any 3/8" post.

QUICKMOUNT BRACKET
Hand-held to mounted in seconds.

Quickmount Tambourine w/ Brass Jingles
PTM10GHX

Six double rows of premium brass jingles deliver with bright and a warm metallic sound. Comfort grip handle that slides into the shock-absorbing Quickmount bracket. Mounts to any 3/8" post.

COMFORT GRIP HANDLE
Molded ergonomic shape.

PTM50BHR (Brass)
Ultra Grip Volume Adjustable Tambourine

The jingle control discs can be moved to the outside to allow the jingles to ring freely. As the jingle control discs are tighten the more restricted the jingle.

PTM50SHR (Stainless Steel)

Brass is an alloy of copper and zinc and the jingles provide a bright mid-range tone. Steel jingles have a higher tone with extra top end and sustain.

9" Primero Rock Tambourine w/ Millennium Jingles
PTM09BK

The Primero Rock Tambourine features 6 double sets of Millennium Chrome Jingles in a matte black oval frame.

Headless Wood Tambourines
PTH10B (Brass)

Brass is an alloy of copper and zinc and the jingles provide a bright mid-range tone.

Headless Wood Tambourines
PTH10S (Stainless Steel)

Stainless Steel jingles produce a higher tone with extra top end and sustain.

Hi-Hat Jingle Ring
PJH10SH

The Hi-Hat Jingle Ring has 20 sets of Stainless Steel tambourine style jingles that will accentuate your Hi-Hat sound with every opening and closing of your cymbals.

Gatling Cabasa
CBS100

Simply grab the precision handle and fire away to play any pattern you wish, or keep spinning it for an infinite "sizzle" that is not possible with standard Cabasas.

ASH TONE BLOCKS

Tang-Tang
PTG20

A high and low pair of unique shakers that incorporate a Caxixi-Style Plate and Wooden "Clacker."

PAB20 (High)

PAB50 (Medium)

PAB100 (Low)

Pearl's Ash Tone Blocks are constructed using Ashwood because it is extremely hard and durable. The Ash Tone Blocks are pitched in "thirds" and each block includes a mounting bracket that accepts a 3/8" post.

CLAVE BLOCKS

PBL10 (High)

PBL20 (Medium)

PBL30 (Low)

PBL100 Anarchy Block

Pearl's clave blocks are injection molded so they're virtually indestructible, and the solid color will never chip, fade, or peel. Our exclusive CDV (Chamber Density Variation) Technology process allows all three clave blocks to be the same dimensions but still differ in pitch.

Produces a low piercing pitch that will cut through even the heaviest metal rhythm section.

21" Field Percussion Shaker
PGA60FP

Hexagonal body and internal chamber for a truly massive sound.

Wood Hex Ganzas
PGA30W (Short) PGA32W (Long)

The wood Hex Ganzas are made from Shorea wood and maintain the same strong projection as their aluminum brothers, but deliver a warmer less metallic tone.

Hex Ganzas
PGA30 (Short) PGA32 (Long)

The Pearl aluminum Hex Ganzas give more sound control than round shakers and produce a lush shake sound due to their hexagonal shape.

Triple Shaker
PGA40

6" long, rectangular aluminum shaker provides three unique sounds: shake, click, and swish.

Egg Carton
PEC1

Three egg shakers in a clear tube that can be played separately or as a complete unit.

REPLACEMENT PARTS

Pearl offers a tremendous number of parts for our drums and hardware. The parts represented on these pages are some of the most commonly requested items.

BASS DRUM HOOP PROTECTORS

- HPP2 Metal Hoop Protector for Wood BD Hoops
- NP01 Hoop Protector for Metal BD Hoops
- NP347/2 Non-Slip Hoop Protector for Wood BD Hoops (pair)

MASKING COVERS & MOUNTING BRACKET

The GK90 and BBC1 cover the holes of BT3 and BB3 brackets that have been removed.

- BBC1 for BB3, w/Gasket, Screws and Nuts
- GK90 for BT3, inside/outside plates w/ Bolts
- BT3 Tom Tom Bracket

TOM HOLDER BASES

- BB300 for Hi-End, PMX, STS, DMP
- BB70 for EXX
- BB3 ---

*Gold, Black Chrome, Nickel, Black Nickel available

BASS DRUM MUFFLER

The BDMF Muffler provides the right amount of padding needed to achieve a balance of low frequencies and resonance. The BDMF Muffler is included with all Reference One and Masters Series bass drums. A mini version, the BDMM comes with Professional Series, Session Studio Select, Decade Maple, and Export Series bass drums.

- BDMF Bass Drum Muffler (Full Size)
- BDMF Bass Drum Muffler (Mini Size)

MUFFLE HEADS

Muffle Heads are made with a high-strength woven material that allows air to escape for dramatically reduced volume. Most any acoustic kit can be converted to a 24/7 practice kit by simply switching the batter heads to Muffle Heads.

SUSPENSION SYSTEM

R2 AIR

To attain tonally true sound, every drum would have to be mounted in a floating point at the center of its shell. R2 Air equally balances mounting pressure across two floating points at the top and bottom of each tom. This gives true tonal separation from mounting hardware and enhances sonic output. **U.S. Patent #11640814**

SUSPENSION SYSTEM

OPTIMOUNT

Our OptiMount Suspension System attaches to the tom's tension rods and floats on rubber cushions, providing the ultimate in stability while allowing the drum to resonate fully without restriction.

- OPT0708 for drums 7"-8" deep, 8"-16" diameter
- OPT0910 for drums 9"-10" deep, 8"-16" diameter
- OPT1112 or drums 11"-12" deep, 8"-16" diameter
- OPT1314 for drums 13"-14" deep, 8"-16" diameter
- OPT1516 for drums 15"-16" deep, 8"-16" diameter

I.S.S MOUNT

Pearl's Integrated Suspension System (ISS) Mounts clamp directly to each drum's hoop to provide the quickest, easiest mounting system available (US PAT: 5544561). Two mount variations exist to accommodate different hoop thickness. The **ISS****** models support 1.6mm hoops and feature a BT300 bracket while the **IS****SL/C** models support 2mm hoops and boast a beefier BT3 bracket.

- ISS0810 8"-10" diameter
- ISS1216 12"-16" diameter
- IS0810SL/C 8"-10" diameter
- IS1216SL/C 12"-16" diameter

OPTI-LOC

Opti-Loc suspension tom holders provide exceptional stability while greatly improving resonance and sustain. (For EXX / EXL Export / DMP)

- OPL0608/C Opti-Loc for EXX and DMP 6"-8" Diameter
- OPL1016/C Opti-Loc for EXX and DMP 10"-16" Diameter

REPLACEMENT PARTS

Pearl offers a tremendous number of parts for our drums and hardware. The parts represented on these pages are some of the most commonly requested items.

REPLACEMENT SNARES

ULTRA-SOUND SNARES

Pearl's Ultra-Sound snares feature patented Graduated Tension wires for extended dynamic range from ultra soft to ultra loud. Ultra-thin, low mass end plates assure ultra quick response. The end plates feature three mounting options: tunnels or holes for cord mounting and slots for straps.

SN1320C	20 strands for 13", C-type, w/ straps & cords
SN1320D	20 strands for 13", D-type, w/ straps & cords
SN1320I	20 strands for 13", I-type, w/ straps & cords
SN1420C	20 strands for 14", C-type, w/ straps & cords
SN1420D	20 strands for 14", D-type, w/ straps & cords
SN1420I	20 strands for 14", I-type, w/ straps & cords

SN1442C	42 strands for 14", C-type, w/ straps & cords
SN1442D	42 strands for 14", D-type, w/ straps & cords
SN1442I	42 strands for 14", I-type, w/ straps & cords

S022N	20 Strand for 14" w/ Cords
S022NU	20 Strand for 14" w/ Cords, Uncoated
S022	20 Strand for 14" w/ Straps
S025	20 Strand for 14" long, w/ Straps
S029N	20 Strand for 13" w/ Cords
S030N	24 Strand for 14" w/ Cords
S031N	20 Strand for 12" w/ Cords
S032N	16 Strand for 10" w/ Cords
S033N	16 Strand for 12" w/ Cords

SPS18/6	Plastic Strap (6/pkg)
SNC50OR/4	Snare Cord (4/pkg)

STRAINERS

SR1000 Glide Lock STRAINER

Its locking throw-off lever and corresponding tension knob assure slip-free performance and quick, push button release action.

SR1000 Glide lock Strainer Complete

SR160 Snare Strainer Complete
SR150 Snare Strainer Complete

SR017 STRAINER

THE SR017 STRAINER Simple and effective, the SR017 is a Pearl standard for effortless snare switching and sensitivity control. Its smooth lever action and fine-tuning knob let you dial in the right amount of snare wire saturation to suit your personal sound.

SR014N Standard Snare Strainer
SR017 Snare Strainer Complete
SR018 Snare Strainer Complete

TENSION RODS

Pearl's Stainless Steel Tension Rods are machined, not forged, from a single piece of stainless steel to the most exacting tolerances in the industry. They feature super-smooth, precise tensioning, with absolutely no play. Each non-plated stainless steel tension rod is matched with a precision-machined brass swivel nut for ultra-precise performance.

T055/6	W7/32 x 28mm (6) for 3" Deep Snare
T060/6	W7/32 x 35mm (6) for Free Floaters before 2002
